

Nursery School at House of Children

**Our Program Standards are set high!
Our Staff is Committed to Nurturing and
Engaging each Child individually,
Assuring your Infant or Toddler the
Best in Care & Early Development!**

Not only will your child be “cared for”, they will;

- Be snuggled and read to daily. They enjoy stimulation through face-to-face interaction with their Care-Givers and Teachers, not just moving from toy to toy.
- Have regular opportunities to explore the outdoor world on our dedicated Infant/Toddler Playground.
- Be treated with respect. Each child is Special. We find their unique characteristics and expand on them to help develop their sense of identity!
