

GOVERNOR ARNOLD SCHWARZENEGGER

June 2008

*Galena Street East*

Congratulations on your selection as one of our nation's representatives at this year's *American Celebration of Music in China*.

California's youth are the most talented in the world, and I am especially proud that one of my favorite performing groups will be delighting international audiences. As musical ambassadors, your performances will heighten musical appreciation and strengthen the bond between China and America. I commend you for your commitment to excellence, and I wish you a wonderful time on what is certain to be an unforgettable tour through some of China's most remarkable cities.

I also extend my appreciation to your many music and dance teachers and other committed supporters who have made this memorable experience possible. Such generosity and encouragement leaves a lasting impression on talented young musicians.

I am very much looking forward to seeing you perform at this year's annual Christmas Tree Lighting, and I hope you have a wonderful tour.

Sincerely,

A handwritten signature in black ink, appearing to read "Arnold Schwarzenegger".

Arnold Schwarzenegger
