WHO'S PREGNANT?

By Steve Bakke  March 17, 2019

“Women aren’t the only people who get pregnant or the only people who need to access abortion.” – NARAL

“The group’s [Planned Parenthood] most controversial work – abortion – is often seen as a women’s healthcare issue (although trans people and gender non-conforming people also need abortion services).” – Planned Parenthood

To those to whom those statements make complete sense, please don’t shake your patronizing heads at the multitudes for whom that seems factually and intellectually up-side-down. How can you be surprised at the confusion and opposition you create when such statements are merely proclaimed and expected to be universally embraced?

We live in a puzzling world.
