Law Enforcement Years of Service

Values

Service—We are committed to providing superior services. Customer Service is of upmost importance to us and those we serve and partner with.

Integrity—We will protect the public trust by ensuring that our actions are consistent with our vision, mission and values. We abide by honesty and the highest ethical standards.

Professionalism—We are committed to the highest level of competence and professional conduct.

Excellence—We strive for excellence in everything we do.

When your values are clear to you, making decisions becomes easier.

Roy E. Disney

OUR MISSION IS TO PROTECT AND SERVE
I am so very proud of the men and women of the Sunriver Police Department and the dedication they have to our amazing community. We have defined our measure of success as excellence. While this is an extremely audacious level to obtain, we feel it gives us focused direction as we move forward into 2020.

In 2018/19 we embarked upon the monumental task of organizational and cultural change. We laid the foundation to success by redefining the structure of our department, identifying supervisor and management responsibilities, rolling out our Lexipol policy manual, implementing our mission, vision, and values and setting the course through strategic planning.

With a solid foundation underfoot, we pushed forward with the more challenging task of cultural change. Charles Darwin said it best, “It is not the strongest of the species that survive, nor the most intelligent, but the one most responsive to change.” I have seen vast change in my thirty plus years in this profession. Our role, as law enforcement officers, in our society has evolved. We are now actively engaged in problem solving efforts with our community partners to address important topics affecting livability and safety concerns. Our fundamental mission is to provide an excellent level of service to our community and promote safety. It has been my honor and privilege to serve the citizens and visitors of Sunriver during 2019.

I, again, would like to thank the amazing citizens of Sunriver, as well as those who serve and volunteer in our community. I am looking forward to 2020 as we forge into a new decade.

Chief Cory R. Darling

“Only those who dare to fall greatly can ever achieve greatly.” John F. Kennedy
2019—A YEAR IN REVIEW...

Welcome

Scott Vincent began his law enforcement career in 1990. He has a Masters Degree in Criminal Justice and has over 30 years of law enforcement experience. He recently retired after 20 years of service from the Bend Police Department. Scott was hired as a Patrol Sergeant by the Sunriver Police Department in July of 2019. In his career, he has worked as a Bailiff, Patrol Officer, Accident Reconstructionist, Motorcycle Officer, K9 Officer, Criminal Detective, School Resource Officer and Training Sergeant. Scott is a Firearms Instructor and a HNT (Hostage) Negotiator. He has a strong passion for leading, training and mentoring.

Emma Paranto was born and raised in Newport, Oregon. She graduated from Western Oregon University with a Bachelor’s Degree in Criminal Justice and a Minor in Psychology. She worked as a Reserve Officer for Newport PD, prior to being hired as a member of our Bike Patrol Team in May of 2019. In December, Emma was hired as a Police Officer for Sunriver Police Department and is currently at the DPSST Police Academy obtaining her Basic Police Certificate. Emma is set to graduate from the Academy in April.

Officer Justin Ciampi (center) received his Basic Police Certificate after graduating from the DPSST Police Academy in March 2019.

Officer Taylor Ross (Center) received his Basic Police Certificate after graduating from the DPSST Police Academy in April 2019.

Congratulations to Officer Justin Ciampi (right) for being presented with the “Community Policing Officer of the Year” award. Officer Ciampi developed a Business Watch Program and is the liaison between the vacation rental companies and Sunriver PD.

Congratulations to Officer Steven Lombardo (right) for being presented with the “Enforcement Officer of the Year” award. Officer Lombardo led the department in traffic enforcement and DUII arrests.
2019—a Year in Review...

Continuing education and training for police officers is a priority for Chief Darling. In 2019, our Training Program saw big changes. Sunriver Police Officers completed nearly 2327 hours of training, which is significantly higher than the 1063 hours completed in 2018. In July of this year, Sunriver Police Department began partnering with Bend Police Department by joining them in their quarterly training. This has greatly increased the training hours and quality of training for our officers. Utilizing trainers from Bend Police Department and Sunriver Police Department jointly, decreases the cost of providing quality training, as well as creates stronger working relationships with our neighboring agencies.

We also changed how we prepare our new recruits for their new profession. In August, three Sunriver Police Department patrol officers attended the Police Training Officer program, also known as the PTO program. PTO is a post-academy training program created from an educational approach known as problem-based learning. The new police officer rides with a veteran officer while completing the 16 week PTO program, before they are released to solo status. Congratulations Officer Paranto. You will be the first one up to bat!

To further our officers knowledge and skillset, we began teaming up with the Deschutes County Sheriff’s Department and the Bend Police Department’s Detective Units. For a one month period a Sunriver Police Officer is temporarily assigned to the Detectives Division at one of the agencies to work side by side with their detectives. The larger agencies receive a higher volume and a more diversified type of cases, which allows our officers to gain exposure to cases they don’t commonly see in Sunriver. Officer Steve Sosa worked side by side with Deschutes County Sheriff’s Office Detectives in November of 2019 and Officer Tiffany Thompson worked side by side with Bend Police Department Detectives in December of 2019. We are continuing the program in 2020.

Additional training attended by Officers in 2019 included Crisis Intervention Team (CIT), Save a Warrior (SAW), Incident Response Team (IRT), Policy and Risk Management by Randy Means, Emotional Survival for Law Enforcement by Dr. Kevin Gilmartin, Internal Affairs Investigations, Executive Law Enforcement (ELETS), CPR/First Aid, Everbridge Community Engagement, “Could Central Oregon Be the Next Paradise?” Training, and Oregon Executive Development Leadership Institute (OEDI). In addition to attending training, several SRPD Officers and Administration instructed training.

2019 Law Enforcement Lives Lost Nationally

- 225+ Suicide
- 47 Gunfire
- 23 Automobile Crash
- 16 Heart Attack
- 14 Struck By Vehicle
- 11 9/11 Related Illness
- 6 Vehicular Assault
- 4 Duty Related Illness
- 3 Assault
- 2 Gunfire (Inadvertent)
- Accidental, Drowned, Explosion, Motorcycle Crash, Training Accident, Vehicle Pursuit—1 Each
- Emotionally Injured

Remember the good old day’s?

Above are the vehicles Chief Darling drove when he worked at the Sunriver Department of Public Safety in 1988/1989. The manufactured home type building behind the cars was the police department.

2019 was a very difficult year for the Central Oregon Law Enforcement community, as many of our brothers passed away. Jefferson County Deputy Dave Blann, Redmond PD Reserve Officer Don Swift (Retired Central Oregon Reserve Academy Coordinator), Deschutes County Deputy Chris Jones, Retired Chief of Police Marvin Combs (Retired Deschutes County Sheriff’s Office Sergeant) and Deschutes County Deputy Kevin Turpen were all valued officers in the Central Oregon community and they will all be greatly missed.
2019—A YEAR IN REVIEW...Continued

They say a picture is worth a thousand words. This past year brought the community weather challenges, tragedy, and a little bit of the Hollywood scene. We suffered a windstorm, like we haven’t seen in a while, a snow storm we weren’t expecting, a plane crash where a valued member of our community’s life was lost and a visit from the American Idol set in search of the next new idol. All in a days work...

Photos like this remind us of what a beautiful place we live and work in.

A helicopter removes Kevin Padrick’s plane from the Deschutes River. We will miss you Kevin.

Left: This photo was taken from the inside of a patrol car during a wind storm. Officer Gulbransen had some very busy days that week! SRPD worked closely with Sunriver Home Owners Association to ensure homeowners were notified if downed trees were on their property or damaged their homes.

Sgt. Beaty practicing his winter driving skills! Is that a convertible?

Thank you to Captain Jason Maniscalco from Bend Police Department for assisting with day to day operations while the Chief and Lieutenant were away last spring!

Left to Right: Sgt. Vincent, Officer Karin Porter, Luke Bryan, Officer Tiffany Thompson and Officer Emma Paranto. Thank you to everyone involved with the American Idol set. Fun was had by all!

Sgt. Vincent & Lionel Richie
This past spring, I had a tremendous opportunity to attend and graduate from the FBI National Academy in Quantico, Virginia, an opportunity only the top 1% of law enforcement leaders get. There were 255 attendees, 36 of which were from foreign countries.

There were many challenges to completing this 10-week program of classroom and physical training, each offering a rewarding growth experience. Evening networking sessions provided opportunity to meet and “get to know” your colleagues from across the United States and around the world.

The classes were participatory exercises with many required papers, group projects, and presentations all focused on leadership, human behavior, and community/public relations. The course work is provided through cooperation and accreditation with the University of Virginia resulting in both under and post graduate credit. What I found most helpful was the exchange of experience, ideas, and techniques used by my colleagues. As we exercised our minds, the academy staff so graciously provided trainers who pushed us every day to better our mental and physical health. I had not trained this hard since my days in the military over 20 years ago. Each week brought a Wednesday “fit challenge” which consisted of high intensity interval training and running; it was grueling. All this training was designed to prepare us for the infamous Marine Corps obstacle course known as the “Yellow Brick Road”. Upon successful completion of the 6.2-mile obstacle course and cross country run, you receive the coveted yellow brick. As a side note, my wife is a FBINA graduate and lovingly told me that I was not allowed to come home without my brick, so failure was not an option; I did not fail.

In the end, I feel fortunate to join the ranks of the 16,000 active world-wide FBI National Academy Associates; a network of brothers and sisters from around the world who are now a phone call away and available to help solve any issue or answer any question. As I reflect on this time, I not only grew as a leader and follower, I forged lifelong friendships that will last far beyond my career in Law Enforcement.

I am extremely thankful for the nomination and support from Chief Darling (NA session 237) and my wonderful wife, retired Washington County Sheriff’s Office Commander Marva Eberhard (NA session 221). Without their backing and sacrifice this experience would not have been possible.

UPDATE—Upon graduating from the FBI National Academy class 276 (FBINA276), Lt. Michael Womer was nominated and elected vice president of the Oregon chapter of the FBINA. Lt. Womer will serve in this role for the next five years, rising to distinguished appointment of president. Lt. Womer will be tasked with providing current and relevant law enforcement training throughout the state. The chapter also focuses efforts on developing the younger members of our communities who have an interest in the criminal justice profession.
COMMUNITY CONNECTION

We, at Sunriver Police Department, are very appreciative of the support we receive from the citizens of Sunriver and beyond. We enjoy working with such a great community and understand that our style of policing is unique to our demographics. We thank you for all the cards, goodies, and well wishes and for your overall support. We appreciate that you stop by just to say “Hi” and let us know how we are doing. We accept that there are areas we need to improve in and welcome your thoughts. We want you to know that we appreciate your feedback and make changes based upon it.

Stay Safe,
Your Friends at SRPD

2019

Events SRPD and CP Members assisted with.

Otter Walk, Judged SROA’s Chili Cook Off, SROA Safety Fair, Kids Day in May, Halloween Spooktacular, 4th of July Celebration, Run for a Cause, No Shave November, Sunriver Home Expo Show, Pacific Crest, Shop With a Cop, and the Holiday Express (photo on front cover).

PUBLIC EDUCATION CLASSES

Coming your way...

Sunriver Police Department is proud to present a series of public safety classes designed to educate the community on how law enforcement agencies function and why. Each class will provide tips on how you can keep yourself and those around you safer. These classes are advertised in The Scene and flyers are posted in area businesses. In December, we held our first class titled “Police Emergency Vehicle Operations & Winter Vehicle Safety.” We are continuing to schedule classes in 2020 and encourage you to attend those that interest you! If you have any questions, please don’t hesitate to contact us.

CHARACTERISTICS OF COMMUNITY POLICING

Community Policing is service oriented. It is a partnership with the objective to determine community needs and policing priorities and to promote police accountability and effectiveness. It should include the participation of all stakeholders. It is effective at problem solving.
National Night Out (NNO) is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive circumstances.

In August, Sunriver Police Department and Sunriver Fire Department hosted their first annual National Night Out BBQ. **A BIG THANK YOU** to the Sunriver Country Store, First Interstate Bank and Eberhard’s Dairy who donated the food and supplies. Approximately 100 community members arrived to take part in the event. It was a great chance for officers and community members to chat on a personal level. We also took the opportunity to identify community members who would like to participate in a Neighborhood Watch program, which will be rolled out in 2020. **It was a great success!**

**National Night Out 2020** is just around the corner. We would like to move the celebration out to the neighborhoods and expand this party! Let’s get creative! If you are interested in hosting a block party, contact Sunriver Police Department for more information and save the date! **August 4, 2020!**

**ANNUAL SHREDDING / DRUG DISPOSAL DAY**

The annual Document Shredding and Drug Disposal event was once again a huge success. SecureShred shredded 1.09 tons of paper documents and 57 pounds of drugs were collected for disposal. **Thank you to all who donated food for Care and Share!**

**Don’t Forget...we also offer Vacation Watches, Bicycle Registration, Special Event Parking Permits, and Free Drug Disposal.**
The Sunriver Citizen Patrol is a 501c3 volunteer organization whose function is to benefit the Sunriver Police Department and the Sunriver community at large. The Patrol assists the Police Department in the performance of duties and assignments not requiring the services or presence of a sworn police officer.

At year-end there were 27 members, all of whom participate in the various activities of the Patrol throughout the year. These men and women conducted vehicle and bike patrols, provided vacation house checks, filled map boxes, and generally served as ambassadors within the community to residents and visitors. They provided traffic control at major events, such as Pacific Crest, the Art Fair, Kid’s Fishing Day, and Concerts at the SHARC. These services allowed our police officers to continue their daily routine.

In 2020, Citizen Patrol expanded their bike patrol program to include 24 hours of additional bike training instructed by Sgt. PJ Beaty, who currently runs the Seasonal Bike Patrol Program.

Additionally, there are two emergency programs supported by specially trained members to aid in finding missing persons; the Initial Response Team (IRT) and Project Lifesaver (PLS). The IRT can respond with as many as a dozen members in the field within 20-30 minutes to search for a missing individual. PLS offers a program to caregivers to quickly locate wandering family members who have dementia, Alzheimer’s, autism, and other cognitive conditions.

Citizen Patrol supports the Village’s Halloween Spooktacular, Shop With A Cop, the annual SRPD shredding event, and the various SRPD emergency preparedness demonstrations in the community. Administrative assistance is also given to the Department in preparation for accreditation.

In 2019, Citizen Patrol Members had over 2700 hours of service to the Sunriver community, and nearly 1300 public contacts or assistance.

At the annual joint Christmas Party with the Sunriver Police Department, Carolyn Barr was recognized as the “CP Member of the Year” for her exemplary contribution to the Police Department, Citizen Patrol and the citizen’s of Sunriver.

Congratulations Carolyn! You are the best!
Sunriver Bike Patrol

Sunriver Bike Patrol is easy to spot in their royal blue and black uniforms with department patches, as well as “Bike Patrol” on the shirts. The Bike Patrol ride Cannondale mountain bikes that are equipped with a bike bag to carry first aid supplies, maps, etc.

The Bike Patrol training consists of a two-day L.E.B.A (Law Enforcement Bicycle Association) modified course, as well as approximately 60 hours worth of classroom and practical exercises. The seasonal officers are first aid and CPR certified to assist with injuries on the bike path. They learn about the rules and regulations that are enforced in Sunriver. The most important skill they are encouraged to use is how best to serve and assist their community through positive interaction with the people they come into contact with.

The 2019 Sunriver Police Bike Patrol Program consisted of 8 seasonal employees, with one Bike Patrol returning from the previous year. All of our Bike Patrol performed exceptionally well this year, assisting with events including Kids Day in the Village Mall, 4th of July events, Pacific Crest and many others. The Bike Patrol were an asset to our department and the community by assisting in finding missing people, providing first aid and educating the public about the rules of Sunriver, including roadside parking along the river areas. The Bike Patrol were utilized to assist full time officers on many occasions, helping with traffic control at crash scenes and securing parameters at crime scenes.

At the end of our 2019 Bike Patrol season, Emma Paranto, a member of the Bike Patrol Team, competed for and was offered a full time Police Officer position with Sunriver Police Department and is currently at the DPSST Police Academy becoming a certified Police Officer in the State of Oregon.

Left to right: Sara Kreps, Calvin Anderman, Thomas Theobald, Sam Manary, Olivia Pence, John Barton, Hannah Beaty and Emma Paranto.
There are three types of Calls for Service; calls received via the 9-1-1 line, calls received via the Deschutes County Dispatch non-emergency line and calls that an officer initiates, such as a traffic stop or an incident they happen upon. There was a downward trend for all calls for service in 2019. Officer initiated calls were most likely down due to a personnel shortage in 2019.

The FBI began collecting crime statistics from law enforcement agencies across America in 1930. The National Incident-Based Reporting System (NIBRS) was implemented to capture details on a single incident, as well as separate offenses within an incident. NIBRS is broken up into three categories, Crimes Against Person, Crimes Against Property and Crimes Against Society. Crimes Against Other is a category specific to Oregon and is not reported to the FBI. The following chart shows a 2018-2019 comparison of crimes submitted to the FBI by Sunriver Police Department.

**EXAMPLES OF CRIMES BY CATEGORY**

◊ **Crimes Against Person**
Homicide, Sex Crimes, Assault, Threats, Kidnapping,

◊ **Crimes Against Property**
Robbery, Burglary, Theft, Motor Vehicle Theft, Arson, ForGERY, Fraud, Embezzlement, Vandalism

◊ **Crimes Against Society**

◊ **Crimes Against Other**
Traffic Crimes—DWS, Reckless, Elude, Hit and Run, Marine Violations, Fish and Game Violations, Warrant/Probation Violation, Arrests
Emergency Preparedness is a priority for Sunriver Fire Department, Sunriver Police Department and Sunriver Home Owners Association. In 2019, all three agencies worked together to develop an Emergency Operations Plan that was tailored to Sunriver’s unique demographics. One of the lessons learned from the Paradise fire was a breakdown in communication from Incident Command to the residents of Paradise. Therefore, one of our primary focuses for the Sunriver area is communication.

In the event of an emergency, you could receive information by landline or cell phone utilizing SRALERTS, Everbridge Nixle or Integrated Public Alert & Warning System (IPAWS). SRALERTS and Everbridge Nixle are services you must sign up for in order for them to work. They are both free of charge. Additional media tools that could be utilized are the Emergency Alert System (EAS) for radio and television, social media and websites. In the event of an imminent threat, we are totally prepared to utilize the Siren, PA System and, if practical, go door to door. You are encouraged to research the media tools mentioned above. Remember, the best time to prepare for an emergency is when you are not actually experiencing one.

It is not enough just to develop the plan and have the means of communication in place, now you have to communicate and educate the public on what communication will be utilized, how and when. SRPD Chief Darling and SRFD Chief Moor and team spent countless hours providing training presentations and talks to various community groups, attending events to distribute emergency preparedness information, testing equipment and developing an emergency preparedness website.

We are in a very unique community. The vast majority of our population in the summer are not permanent residents. Educating them on evacuation procedures and fire safety on a weekly basis will be challenging. Continuing Emergency Preparedness exercises, testing and presentations are already planned for 2020.

Preparation through education is less costly than learning through tragedy.

~ Max Mayfield ~
The 2019 Annual Report was created by the dedicated employees and volunteers of the Sunriver Police Department. A very special thank you to all who contributed!
