Education, Advocacy & Ministry

*Celebrating the beauty of
living in the moment*

Workshop Leader: Rev. Dr. Jade Angelica

A graduate of Harvard Divinity School, Andover Newton Theological School, and Boston University, Jade leads workshops, services, and trainings for *Healing Moments* throughout the country. Her most important work, to date, has been caring for her mother who died from Alzheimer's in 2011. Jade is the author of *Where Two Worlds Touch: A Spiritual Journey Through Alzheimer's Disease*.

Workshop Description:

It can be difficult to understand, communicate and connect with people who have Alzheimer's or dementia. They may say or do things that don't make sense, or they may become upset or angry. Finding creative ways to react and respond can make a big difference in the quality of their lives and enhance on-going relationships.

Providing state-of-the-art information grounded in Alzheimer's science, and teaching unique techniques drawn from spiritual practices and creative drama, this workshop helps participants to:

- Expand their understanding of dementia
- Be present in the moment
- Meet persons in their reality
- Accept what is
- Let go of the need to control
- Find meaning and healing as a caregiver

CEUs are provided by Kirkwood Community College. Please request when registering.

Book Signing

Following both programs, Rev. Dr. Jade Angelica will sign copies of her new book, *Where Two Worlds Touch: A Spiritual Journey Through Alzheimer's Disease*.

Melanie Chavin of the Alzheimer's Association says: "Where Two Worlds Touch is a perfect blend of sacred/spiritual and everyday insight for caregivers. Angelica bravely describes her relationship with her mother pre-dementia, helping readers to understand that they can have meaningful relationships with loved ones who have Alzheimer's, even when those relationships have been fraught with difficulty in the past. The book offers practical tools, such as improvisational techniques, and spiritual reflection to help readers transform the lives of people with dementia and their own lives as well. Angelica helps care partners to approach people with dementia in a creative way that does not focus on what the person cannot do. Instead, the focus is on entering into the person's reality, which often leaves us surprised, excited and humbled at the abilities and memories that remain."

Thursday, May 1, 5–8:30 p.m.

“How would you define success?” asked Ralph Waldo Emerson. “To know even one life has breathed easier because you have lived.” Work with Rev. Dr. Jade Angelica, founder of Healing Moments™, to explore *your* success.

The Thursday evening program *focuses on families* caring for loved ones with Alzheimer’s. Through a generous Venture Grant from the Franciscan Sisters of Perpetual Adoration, Prairiewoods is pleased to offer this experience to 25 family or at-home caregivers free of charge. In addition, we are making five certified respite workers available to care for your loved one during the retreat.

The group will share a meal together at 5 p.m. The program at 6 will include education and advocacy surrounding mindfulness, hope and transformation, images of God, lament as prayer, inspiration for the future and gratitude.

**Inspiration and Technique for Professional
and At-Home Alzheimer Caregivers**

Friday, May 2, 9–11:30 a.m.

The Friday morning program, which is different from Thursday evening in tone and content, *focuses on professionals and families*. Through presentation, experiential exercises and reflection, this program teaches caregivers creative, effective methods for communicating with, connecting with and caring for people with Alzheimer’s and dementia. Combining information about dementia with creative drama, this presentation is designed to deepen awareness of the value of people with Alzheimer’s and dementia, increase understanding of their limits and needs, and improve the delivery of their care. It breathes life into the process of Habilitation Therapy and teaches participants how to implement these recommended skills in order to enhance patient quality of life and reduce caregiver stress. The *objectives* include:

1. Recognize, understand and accept the value of persons with Alzheimer’s and dementia as well as the limitations caused by Alzheimer’s and dementia.
2. Describe how to observe, listen and respond to persons with Alzheimer’s and dementia in ways that preserve and promote self-esteem and improve quality of life.
3. Explain how to reduce conflict, increase cooperation, and relieve stress for persons with Alzheimer’s and dementia and those caring for them.

Approved for 0.28 CEUs/2.8 CEHs

Continuing education certificates will be awarded by Kirkwood Community College. As an organization accredited to offer continuing education, Kirkwood Community College has approved the purpose and objectives for this presentation in determining CEUs/CEHs for health providers. Certificates will be awarded for 100% attendance only (partial credit will not be awarded).

Nursing CEUs approved through the Iowa Board of Nursing, Provider #30. All allied health professionals are reminded that they are responsible for reviewing the governing rules of their boards to determine if appropriate subject matter criteria will apply. A course evaluation will be available upon program completion.

The Rev. Dr. Jade Angelica brings her skills, knowledge and creativity in the area of communication with and care for those with Alzheimer's and other dementias for these workshops. Alzheimer's disease and how best to respond to it became a passion for Jade as she engaged in care for her mother. She combined that caregiving experience with her pastoral and improv comedy skills to explore communication with those who have Alzheimer's in a new way. In the midst of caring for her mother she founded "Healing Moments™ Alzheimer's/Dementia Education, Advocacy and Ministry." This program won a Best Practices in Adult Ministry award in 2010, from the National Council on Aging's Interfaith Coalition on Aging. She is also the author of the highly praised, *Where Two Worlds Touch: A Spiritual Journey Through Alzheimer's Disease*. This book will be available for purchase at the workshop.

Her education and training include an M.Div. from Harvard University, a Certificate from the Shalem Institute's Spiritual Guidance Program, a Doctor of Ministry in Faith, Health and Spirituality from Andover Newton Theological School, and a diploma from Improv Boston University that deems her "perfectly OK not knowing what in the world is going on!"

TWO-DAY WORKSHOP May 15th and 16th!

Family *Caregivers* are invited to participate in a Dementia Care research study designed to improve communication with loved ones as well as help caregivers feel more confident in their role.

Meeting Alzheimer's - For Professionals: Creative Vision and Healing

Jade C. Angelica, M.Div., Doctoral Candidate, & Director, *Healing Moments™, Inc.*, Dubuque, IA and **Amy Ressler**, MFA, Professor and Director of Theatre, Dubuque, IA.

Meeting Alzheimer's: Creative Vision and Healing focuses on teaching professional caregivers effective methods for communicating and connecting with persons with Alzheimer's disease or a related disorder (ADRD) in order to enhance patient quality of life, reduce patient and caregiver stress, and increase caregiver satisfaction. Combining art and spirit, this presentation is designed to deepen awareness of the value of persons with ARD, increase understanding of their limits and needs, and improve the quality of their care. Healing Moments™ programs breathe life into the process of Habilitation Therapy and teach participants how to implement these skills.

Learning Objectives. Attendees will be able to:

1. Discuss the importance of accepting the value of persons with ARD, in spite of their limitations.
2. Describe how to observe, listen and respond to persons with ARD in ways that preserve and promote self-esteem and enhance connection.
3. Explain how to reduce conflict, increase cooperation, and relieve stress for persons with ARD and those caring for them.

Opening Keynote 2

Beyond Memory Books: Effective Strategies for Communicating with Persons with Dementia

Michelle S. Bourgeois, PhD, CCC-SLP, Professor, *The Ohio State University*, Columbus, OH.

Visual cues in the form of pictures and sentences have proven effective for enhancing conversation and memory-related behaviors of persons with dementia. Strategies emphasizing the use of written and graphic cues will be described, including the use of memory wallets, memory books, and reminder cards, to modify problem behaviors and to maintain conversation skills, enhancing the overall quality of life of persons with dementia and their caregivers.

Learning Objectives. Attendees will be able to:

1. Describe the range of memory and language deficits amenable to visual cues.
2. Discuss the evidence for the use of visual cueing systems for persons with dementia.
3. Describe a variety of visual cueing stimuli (memory books, reminder cards, letters, memo boards, etc.) for a variety of communication situations.

The 6th Spiritual Care Conference at Wentworth-Douglass Hospital.

This conference offers interested community persons and hospital staff a forum for reflection and dialogue on what has been described as “the aspect of humanity that refers to the ways individuals seek and express meaning and purpose and the way they experience their connectedness to: the moment, self, nature, the significant or sacred,” namely, spiritual care. We take seriously Florence Nightingale’s admonition, “Each individual has spiritual needs regardless of whether the individual is religious or not.” In the words of another author, “Wherever we may come alive, that is the area in which we are spiritual.” Speakers have challenged audiences on a variety of topics: Patrick Alix, MD; Fred Craigie, PhD; Lori Arviso Alvord, MD; Tracy Balboni, MD; Bob Wicks, PhD ; Rev. Michael Lapsley.

The Spiritual Care Award recognizes persons from the community who have distinguished themselves in the area of spiritual care, particularly for patients at Wentworth-Douglass Hospital.

Past recipients: Rev. Fritz Cerullo, Rev. Mark Monson-Alley, Rabbi Larry Karol, The Rev. Robert S. Ervin, Sister Monika Markey, Mrs. Evelyn Daniels, Dr. Philip and Mrs. Marguerite Nicoloff.

A note from the speaker
Rev. Dr. Jade C. Angelica

Alzheimer's Disease runs in my family. Both my maternal aunts had it, and my mother, who was diagnosed in 2001, died from Alzheimer's in 2011. As Mom's condition progressed, I knew that caring for her would be the most important work of my life. However, the opportunity for me to move from Boston to Iowa, where Mom lived, did not happen until 2007. While I was waiting to be with her, I honored Mom and what she was enduring by studying about Alzheimer's and identifying unique ways to communicate, connect and enhance relationships with people who have dementia. I ultimately created Healing Moments™.

My education and training include a B.A. in Psychology from Clarke University, an M.Div. from Harvard University, a Certificate from the Shalem Institute for Spiritual Formation, a Doctor of Ministry in Faith, Health, and Spirituality from Andover Newton Theological School, and a Diploma from Improv Boston University that deems me "perfectly OK not knowing what in the world is going on!"

In addition to designing and leading workshops, services, and educational programs for Healing Moments™, I am an interfaith spiritual director specializing in distance spiritual direction for persona with Alzheimer's and their caregivers.
