

Outdoor Science Booster Club

Dedicated to keeping 5th grade Outdoor Science School in the
Los Alamitos Unified School District
Tax I.D. # 33-0258257

2015 Fit-A-Thon Your Donation Matters!!!

- PURPOSE** The Fit-A-Thon is a school-wide fundraising program designed to earn supplemental money to subsidize our LAUSD Outdoor Science School. Outdoor Science School is a 5-day camp that teaches students about ecology, geology, astronomy, and other science topics. **Each year OSBC subsidizes the costs of the program to keep the program affordable for ALL.** Due to budget constraints, the OSS program in neighboring districts has been temporarily suspended. The survival of our LAUSD Outdoor Science School program depends on each family supporting the program.
- EVENT** The Fit-A-Thon will take place on **Wednesday, April 22, 2015.** Every participating student will engage in a variety of physical activities at several "stations" that will be set up on the grass. Please have your child wear tennis shoes, sunscreen, and comfortable clothing on the day of the event.
- FUNDRAISING** A donation for the fundraiser can be made in any amount. OSBC fundraising is not for the current fifth grade class. The fundraising ensures participation for FUTURE fifth graders.
- PRIZES** For every \$25 minimum donation, students will receive a food gift certificate.
- HELPING OUT** We need you! We are looking for volunteers for the day of the event. If you would like to volunteer, please contact your OSBC Volunteer Representatives below.
