Committed to advancing and promoting the health and well-being of the woman, the family, and the community.

### About Incredible Edible Milbridge

Incredible Edible Milbridge (IEM) is a series of free public pick-your-own vegetable gardens and education initiatives designed to create a community that is stronger, healthier, and more food independent.

IEM's goal is to improve the health of our community and enhance our local food economy by creating vegetable gardens throughout town.

Visit our 14,000 sq. ft. Pick-your-own IEM Market Garden at the Red Barn Motel or one of our 24 raised garden beds throughout town.

Incredible Edible Milbridge:

- Changing the way our community thinks about food
- Creating an appreciation for nutritious, whole food
- **Recognizing** the value of food independence through locally grown foods
- Improving what we do with our outdoor space

#### Milbridge Commons

Milbridge Commons is a collaborative effort between the Women's Health Resource Library and Maine Coast Heritage Trust (MCHT). Our united energies will transform this 4.6 acre coastal parcel into a space that will enhance the overall health of our citizens and our community.

While preserving this pristine land from future development, we envision the creation of a park-like setting that includes a walking track, orchards, more pick-your-own organic vegetable gardens, and play space for children. The land will provide areas for guiet reflection, bird watching, and enjoying the natural beauty of the Narraguagus Bay.

Our hope is to create a magnificent refuge that will become a destination for locals and visitors alike.
