

Sewing volunteers are needed to make Teddy Bears and Teaching Dolls for children undergoing treatment at INOVA Fair Oaks Hospital. These bears and dolls can be comforting companions for the children during times of loneliness and apprehension.

Other projects may include making lap or neck pillows, throws, or other items for needs of the patients, as well as needs of the local community.

We kindly ask the time and talent of those with basic sewing skills and caring hearts.

You may come to the Center to complete a volunteer application, or use the application on-line to volunteer for sewing projects.
