Differentiators

CERTIFIED DENTAL TECHNICIAN

All casework is overseen by a highly qualified, Certified Dental Technician with significant mastery of the knowledge and applied skills needed in dental technology. Our technicians must complete continuing education annually to stay up to date advances in technology.

STATE OF THE ART CAD/CAM DESIGN SUITE:

Our In-House state of the art CAD/CAM scanning and design software with intuitive design tools enables Morse Dental Lab to smoothly transfer our technician's know-how into a cutting edge, 3-D digital environment.

RAPID 3-D PROTOTYPING

On Site rapid prototyping and 3-D Printing allowing the in-house production of diverse dental applications.

BOARD CERTIFIED DENTAL LABORATORY

The Certified Dental Laboratory credential is recognized by the National Association of Dental Laboratories (NADL), the American Dental Association (ADA) and the American College of Prosthodontists (ACP).
