

KAYADEROSSERAS FISH & GAME CLUB

Dear Member:

In an effort to further the enjoyment for all Club members, and to keep our Club facilities from being abused, the Kayaderosseras Fish & Game Club requires a signed condition of membership notice from all members. This condition of membership is simple, of common sense, and is meant to protect the Club and its members.

Kayaderosseras Fish & Game Club:

- 1) Requires all Members to adhere to the range rules set forth and approved by the membership.
- 2) Requires all Club Members and their guests to act both courteously and with Common sense when on Club property.
- 3) Requires all Members to obey all Local, State, and Federal Laws.

Upon finding a Club Member or guest misusing the Club property or ranges as set forth by the above guidelines:

- 1) The Member or guest will be required to appear in front of the Board of Trustees and the Range Officer to explain what area of the Club rules he or she does not understand.
- 2) Any serious violation of membership rules or range rules may mean revocation of Membership and will be reviewed when meeting with the Board of Trustees.
- 3) He or she will also be required to go through a class with the Club Range Officer in which he will instruct the Club Member or guest on how to use the range or Club property.
- 4) The individual is denied use of the range and Club property until said class is completed.

I have read the above and agree to adhere to these guidelines:

Member Signature: _____ Date: _____

Member Print: _____

Additional Family Members:

Signature: _____ Print: _____
