

While some travel agencies have stopped booking airline tickets, Earman Travel is a **“Full-Service”** travel agency, and we believe that still includes taking care of your air travel needs. If booked in conjunction with a vacation package, we do not charge a fee when booking air. If only booking airfare, the service fee for a Domestic Ticket is \$25 and \$40 for International itineraries.

We call it a “Service Fee” because that is exactly what you get...”Service”. We will book your reservation, keep track of schedule changes, advise you of delayed or cancelled flights, offer assistance while traveling, and even after you return home!

Being partnered with Nexion, we can offer also things that other agencies can't:

- Seat assignments on certain carriers that might not be available if not booked with Earman Travel
  - Premium seating at reduced or no cost on certain carriers
  - Access to lower airfares using consolidators or negotiated rates
