Terms of Agreement and Swimming Pool Rules. The above applicant understands and agrees to abide by and to uphold the terms set forth in this agreement and abide by and uphold the Tennis Court Rules. Do not give the key to anyone except members of your family and family guests and keep in safe place.

Tennis Court Lock. The tennis court lock is a special lock that eliminates duplication and the lock mechanism is very expensive. Cost of Lock replacement is \$100.00.

In Use. Upon opening the gate, immediately secure the lock again to the gate so that passersby will not take the lock left unlocked. You are responsible for the replacement of locks while you are in use of court..

Upon Leaving. When you leave you must lock the gate again. Even if other is there to play make sure they have authorized key to open lock. If they do not have valid key then lock the gate and leave locked as it is their responsibility to have the proper key

Security Deposit. A security deposit of \$20.00 shall be made at the time of application and prior to receiving the key to the facility. This deposit is refundable upon its return because of moving or turning it due to lack of use.

As witnessed by the following signatures and seals of member and FMHOA authorized signatory, the parties hereby agree to the aforementioned terms of this agreement.
