

K9+ Pet Services, LLC

From time to time I would like to take pictures and/or video of the animals I work with for use on my website, in advertising and so on. Please read the release below, acknowledge if you will allow me to use photos and videos of your pet(s), date and sign. Please note that any photos/videos I use would not have any distinguishing information such as address. I would use the name and perhaps the age of the pet.

Thank you for your consideration!
