Engleza pentru Copii in Centrul After-School

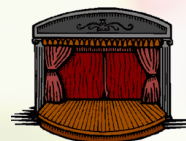

O gama variata de cursuri de engleza pentru toti copiii

Engleza prin sunete. Programul nostru ofera copiilor posibilitatea de a invata engleza prin sunete. Ei vor invata sa vorbeasca, sa citeasca si sa scrie in acelasi timp. **Cunoasterea prealabila a literelor si scrierea lor nu este necesara! Copii dumneavoastra vor invata acest lucru prin intermediul acestui curs.**

Cambridge Young Learners si Certificate for Schools. Oferim pregatirea temeinica a copiilor pentru examenele Cambridge pentru diferite niveluri si ne oferim si sa ii ajutam sa se inscrie la aceste examene in centrele de examinare acreditate.

Engleza prin Teatru. Participand la ateliere de limba engleza, copiii invata sa se exprime prin vorbire, prin citire si prin recitare, prin discutii si discursuri, atingand performanta de a juca pe scena in fata unei audiente.

Programa de invatamant din Marea Britanie. Noi folosim programa de invatamant din scolile primare din Marea Britanie, predand copiilor un program bine structurat de invatare a limbii engleze prin vorbire, citire si scriere **direct in limba engleza**. Acest lucru ofera copiilor increderea in abilitatile lor de a folosi limba engleza.

After-School English for Children

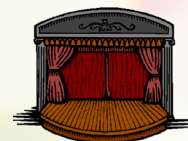

Choose from a Range of After-School English Courses for Children

English phonics. Our English phonics programme teaches children the building blocks of English. They learn to speak, read and write simultaneously so they become fully literate at the same time as learning a new language.

Cambridge Young Learners and Certificates for Schools. We prepare children with the reading, writing, and speaking and listening skills they need to pass Cambridge qualifications in English at all levels, and undertake the necessary entries with accredited examination centres.

English through theatre. By participating in practical workshops in English, children learn acting skills, as well as to speak, read, share ideas, give and receive direction, give each other feedback, and develop their confidence performing in front of an audience.

UK National Curriculum English. We use the UK curriculum for English primary schools to teach a structured programme of speaking, listening, reading and writing that enables children to become confident and creative users of English.

Enjoy Benefits to your Centre

Contact Us

We would be delighted to visit you in order to discuss your needs and develop a programme to suit you.

We think that the best way to decide whether our courses are for you is to book a *free* demonstration, where a group of your children can enjoy a taster lesson and/or assessment of their current English level. We are certain you will be impressed, but this demonstration is obligation free, and can be booked at a time convenient to you.
