CHEYENNE

CHEYENNE

No. 279 \$150.00
Length: 66" or 69"
Draw Weights: 25 to 50 lbs.
Brace Height: 7 1/2"

PROFESSIONAL! Finest bow in the world today! Hand-crafted to professional specifications. Here is vigor, authority, the ultimate in sleek design with power to spare, silken-smooth pull, and missile-like cast assuring a flat trajectory. Since 1927,  craftsmen have toiled for excellence in bow design — and the magnificent Cheyenne represents a standard of excellence heretofore unachieved and now unchallenged in bow design.

BEAUTY — The handle riser is hand-tooled from woods impregnated with tough Phenolic Resin and laminated to rich Rosewoods to achieve unparalleled balance and stability for championship tournament shooting.

PERFORMANCE — precision recurved, triple-tapered Northern Hard Maple laminations are bonded to snow-white epoxy fiberglass to assure a smooth, nonstacking draw. For the discriminating tournament archer who demands the finest, there is but one choice — **THE CHEYENNE.**

TECUMSEH

No. 272 \$130.00
Length: 66"
Draw Weights: 25 to 50 lbs.
Brace Heights: 7 1/2"

MAJESTIC! No detail has been spared to make this bow one of the finest you can obtain. It features multiple tapered laminations which insure silk-like smoothness in draw and extra cast. This design results in a shooting instrument which is the ultimate in quality and perfection. The handle rise is made of one hundred laminations of rare, exotic hardwoods hand-rubbed to a lustrous finish to bring out the rich, natural beauty. These laminations add strength and correct weight to give this bow the finest stability while retaining its slim eye-appealing lines.

IROQUOIS

No. 269 \$100.00
Length: 66" or 69"
Draw Weights: 25 to 50 lbs.
Brace Heights: 7 1/2"

SUPERB! Quality tells in the Iroquois. A truly superb bow that reflects  craftsmanship. Here is unparalleled velvet-smooth draw, super-cast, unsurpassed durability and sheer beauty in action. The handsome handle section reflects the elegant beauty of hand-rubbed imported red hued wood blending with rich brown. Quality tournament features include triple-hard maple laminations precision tapered, laminated handle section, top quality white fiberglass, and a true, palm-fitted pistol grip. Not one detail has been spared to make the Iroquois excel in tournament competition. And it is available in 66" or 69" lengths.

TECUMSEH

IROQUOIS

SIoux

COMMANCHE

SIoux

No. 268	\$85.00
Length:	66"
Draw Weight:	25 to 50 lbs.
Brace Height:	7"

ELEGANCE! Here is all the dash and verve the Sioux name implies. The handsome handle section has been crafted by experts — for experts. Exotic woods are hand-polished to a rich, natural luster. Contrasting tones lend an elegant appearance.

Triple laminations of select Northern maple, precision tapered assure an even, smooth draw. Extra-durable white fiberglass identifies this as a tournament winner. Multi-laminations in the handle section assure superstrength and shock-free performance. The Sioux — impeccable quality and performance — at a moderate price.

COMMANCHE

No. 265	\$65.00
Length:	66"
Draw Weight:	25 to 55 lbs.
Brace Height:	7"

ALL NEW! The Commanche bow will be a familiar sight on tournament archery ranges from coast to coast . . . An overwhelming favorite with those who hold dear the archer's art. The reason for this popularity? Commanche is a "dark horse" that performs and shoots like many of its higher-priced competitors.

A full 66" long, it gives the maximum pull and fire power so necessary for top tournament shooting. Limbs of triple-tapered laminations; pistol grip handle of imported wood; full 7" sight window; silk-smooth draw, excellent cast; the finest fiberglass face and backing are trademarks that will establish the Commanche as one of the most popular  models.

APACHE

No. 262	\$49.95
Length:	66"
Draw Weight:	25 to 45 lbs.
Brace Height:	7"

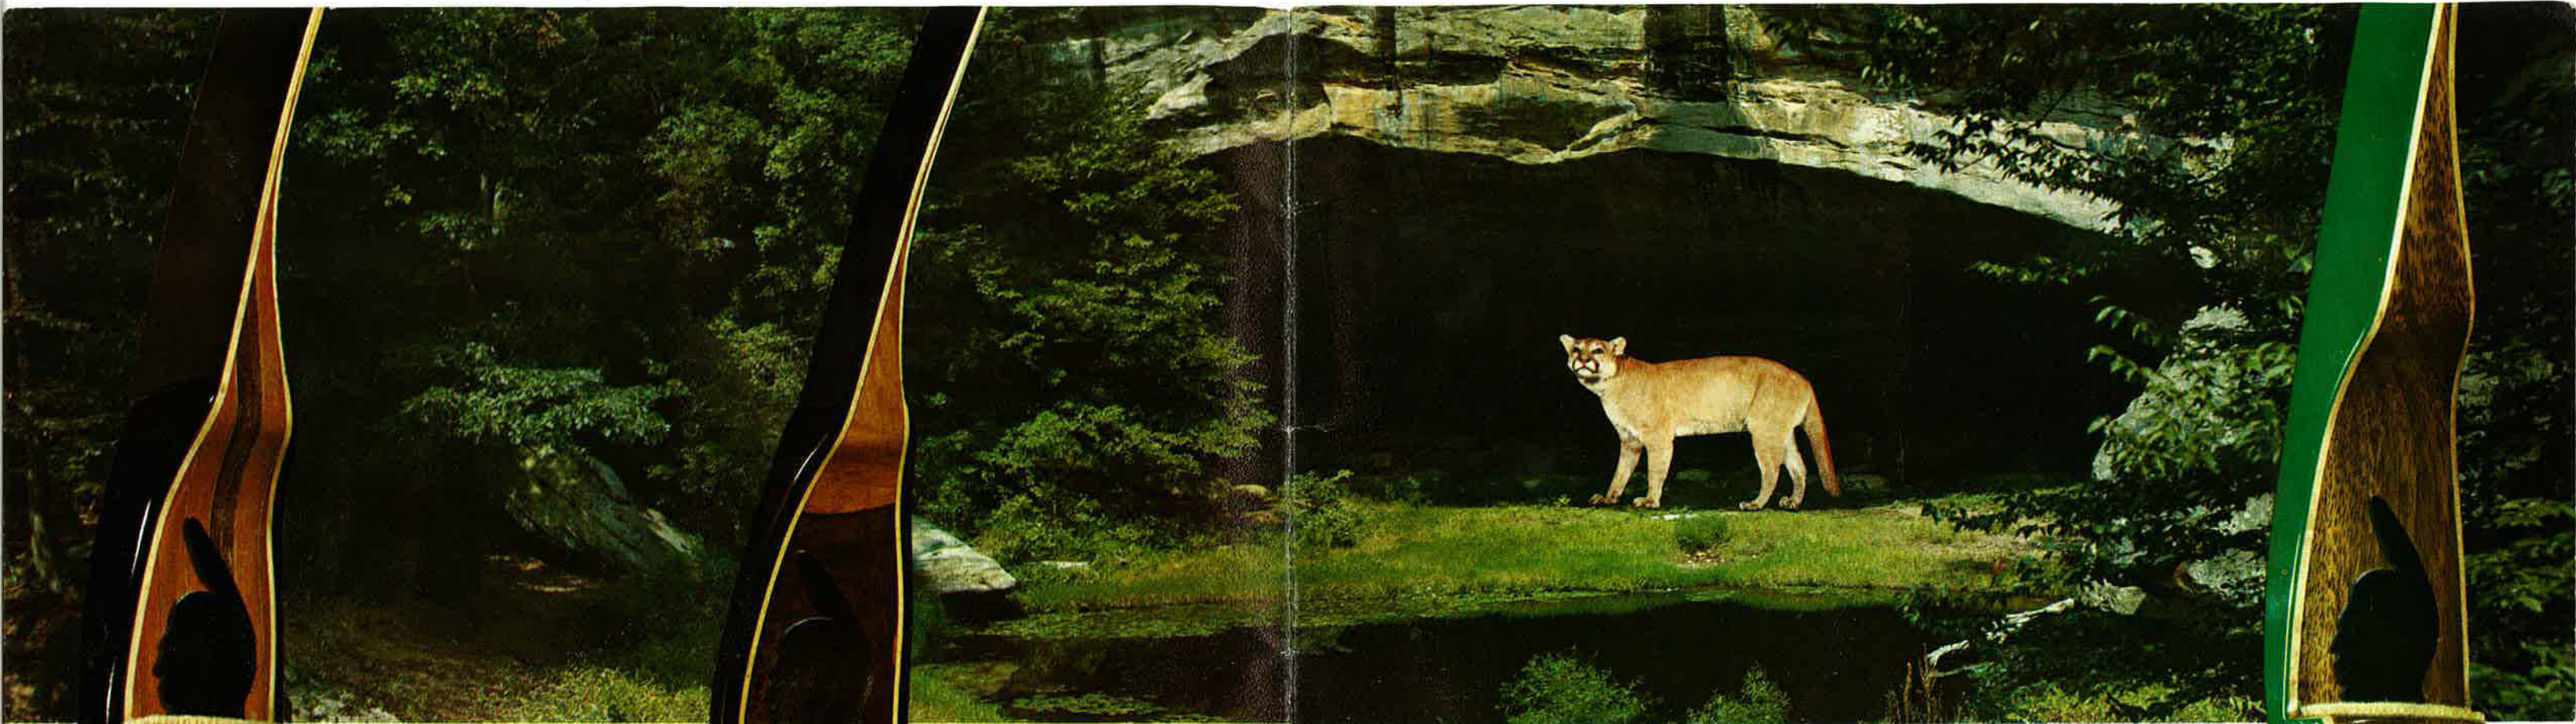

VALUE! Introducing a revolutionary new concept in stabilizer bows, the APACHE embodies exclusive  features found only in high priced, custom made bows. This 66" bow with double laminations and superstrength fiberglass insures a smooth draw. The massive custom shaped handle absorbs shock and helps to assure bull's-eye accuracy.

The Apache is a challenge to bows in any price range. Feature for feature, dollar for dollar, this bow represents value.

APACHE

**MOHAWK
CHIEF**

MOHAWK

MOHAWK CHIEF

No. 270 \$80.00
 Length: 52"
 Draw Weights: 35 to 60 lbs.
 Brace Height: 7"

ROYALTY! The proud leader in the family of fine hunting bows! From Alaska to the Everglades, bowhunting adventurers will know, respect and covet the Mohawk Chief. With killing power to spare, this dynamic hunter is short enough — just 52" . . . a ready, willing and able companion in forest, field or underbrush — anywhere there's a demand for a deadly — accurate hunting weapon with big game killing power!

Laminated handle of exotic imported hardwoods features the exclusive Indian designed thumb rest. Custom designed recurved limbs give maximum velocity and fire power needed for a quick, clean kill. Limbs are double laminated of select maple . . . backed and faced with super-strength, impregnated fiberglass in black, brown or green. Short sight window brings game into focus for ready kill.

MOHAWK

No. 261 \$65.00
 Length: 52"
 Draw Weights: 35 to 60 lbs.
 Brace Height: 7"

RUGGED! Here is the bow that makes the line a happy hunting ground for archers — the Mohawk, with its powerful look and unusual beauty. As lithe and deadly as its Indian name, the Mohawk packs all the killing power bow hunters need in tracking big game. A host of superb features combine to give even the less-than-professional archery buff consistently top-notch performance.

The handle riser and palm-moulded pistol grip are blended of exotic imported woods — hand rubbed to reflect their natural beauty. Limbs are double-tapered Northern hard maple . . . backed and faced with top quality fiberglass and recurved for maximum flexibility and a smoother, faster draw.

SAVAGE

No. 263 \$39.95
 Length: 58"
 Draw Weights: 35 to 50 lbs.
 Brace Height: 6 3/4"

DYNAMIC! For hunting — this power-packed, all-purpose beauty fills the needs of the most avid archer. Rugged yet lightweight, the Savage is designed for stability, penetration, a clean kill. On range or hunt, the dependable fine Savage performance gives confidence to even the neophyte bowman. With an impressive list of credentials, the Savage genuinely represents the greatest value in a hunting bow.

SAVAGE

SENECA

No. 264 \$39.95
 Length: 64"
 Draw Weights: 25 to 55 lbs.
 Brace Height: 7 1/2"

DELUXE! An all-purpose bow that pulls its weight in popularity. Designed for the archer who demands equipment for all-around shooting, The Seneca length is right . . . For target, field and hunting, light-in-weight, the Seneca makes an ideal lady's bow, easy to handle and to carry through a full day's shooting.

Outstanding Seneca features help indoctrinate the casual archer into the refinements of championship type shooting: smooth, fast-action draw gives unfaltering stability; handle section with pistol grip and contrasting tone sight window are laminated for super strength. Limbs feature double laminations of hard maple bonded to fiberglass.

COCHISE

No. 273 \$22.50
 Length: 60"
 Draw Weights: 25 to 45 lbs.
 Brace Height: 6 1/4"

Utility! Here is a bow that rates high with Sunday archers and experienced shooters alike — with an economy price tag, a full 60" length, custom quality features and sleek styling.

The Cochise is powerful, with short recurved limbs and a center-shot, full view sight window to guarantee easy target alignment. Double tapered wood laminations are bonded to top quality fiberglass strips and crafted into fast-working limbs. The laminated two-tone handle has an easy-to-grip slim styling that makes this an ideal bow.

WARRIOR

No. 266 \$32.00
 Length: 62"
 Draw Weights: 25 to 45 lbs.
 Brace Height: 6 1/2"

ZING! For the truest definition of value — look to the Warrior! Here is custom quality priced to meet and beat all competition — the best bow buy in today's market . . . Ideal for the archer on his way to endless hours of enjoyment with professional quality equipment.

The Warrior has characteristics and features of top selling bows. Nor has beauty been sacrificed in this sleeper value. The Warrior sports a pistol grip handle crafted from rich imported wood . . . Limbs feature double-tapered maple laminations bonded to top quality fiberglass. Short working recurves guarantee the same smooth draw found only in full recurve models.

SEMINOLE

No. 267 \$18.95
 Length: 54"
 Draw Weights: 15, 20, 25 lbs.
 Brace Height: 5 1/2"

For the young archer! Just like Dad's except this bow is designed for the youth market. And look at the budget price!

A true product of superb bow-making, the Seminole has many features found only in tournament quality bows — center-shot, full view sight window, recurved limbs of laminated quality woods and fiberglass, and a custom grip handle. These features guarantee plenty of smooth, fast pulling power for bull's-eye accuracy.
