

Looking Forward to Summer

We are looking forward to our extremely exciting summer at the library! Our Summer Program, Every Hero Has a Story, is kicking off June 5th with Mr. Bond the Science Guy and will run for six weeks. We have lots of activities planned and lots of fun prizes to give away. Come in and sign up for the reading program, read lots of books, and be eligible for all the cool prizes! Check out the flyer in the newsletter to find out all the details of dates and times.

If your 6th, 7th, or 8th grader would like to attend the 2015 Summer Math Academy, "Mathematics for Life," we have that information and applications here at the library. This math academy is held by Columbia State and funded by a Tennessee Board of Regents grant. It's free and sounds like a great program to boost your math skills!

I know that some kids will have required summer reading before school starts back. Make sure you check with the

library for those books. We try to have those books on hand, and we can borrow from other libraries in the state if more copies are needed. But don't wait until the last minute!!

The library won a Wi-Fi Hotspot that we are trying out. You can check it out it just like a book for one week and have two renewals if it is not on reserve for someone else. Take it home to use, take it on vacation, or take it in the car with you to have internet access. Stop by and we can give you all the details. We are excited to have the Wi-Fi Hotspot available.

Children's author, Parish Phelps, will be here this summer to read from his book *Who Who's That Making That Noise* and have a book signing. Times and dates for this event will be announced later.

Don't forget about our R.E.A.D.S. Regional eBook & Audiobook Download System over the summer. Come in and let us help you with downloading books to your own device if you haven't tried it yet. Have a great summer!
