

NORTH GWINNETT MIDDLE SCHOOL

CHARGE 2 NORTH TEAM

Who should consider applying? Any Rising Eighth grade student interested in Science, Technology, Engineering & Mathematics (STEM). This program gives students an opportunity to take Biology and Engineering during the school day. There is no cost to participate in this program.

What courses will I be taking? Biology, Foundations of Engineering, Physical Science, Humanities (a blend of LA & SS) and the appropriate Math course based on your seventh grade math course.

Will I Earn HS Carnegie Credit? Yes! You will earn **four** units towards HS graduation upon successful completion.

What will be my Connections classes? You will take Biology & Engineering for the full year. Students in other year-long programs (Fine Arts, Foreign Language) are not able to participate in the Charge 2 North team. The Charge Team (STEM program) is considered a full year commitment.

Who should I contact with questions? Dr. Doug Callahan (7th grade Assistant Principal). Call or email.

Yes! I want to join the Charge 2 North Team for the 2019-2020 School Year!

Name: _____ Student ID: _____

Current Homeroom: _____

Current 7th grade Math Class: _____

Current 7th grade Connections Classes: _____ & _____

I understand that the six classes on my schedule in 2019-2020 will be Biology, Foundations of Engineering, Physical Science, Humanities (a blend of LA & SS) and the appropriate Math course based on your seventh grade math course. I will **NOT** be able to take another year-long course (Fine Arts or Foreign Language) in 8th grade.
