Dear Friend,

**JUNE 13, 2020 NEWSLETTER OF
HEALINGS FROM AFRICA**

Read five outstanding healing testimonies below: healings of a painful lump, mental illness, stomach pain, illness with sporadic unconsciousness, and malaria.

"Truth's immortal idea is sweeping down the centuries, gathering beneath its wings the sick and sinning. My weary hope tries to realize that happy day, when man shall recognize the Science of Christ and love his neighbor as himself, -- when he shall realize God's omnipotence and the healing power of the divine Love in what it has done and is doing for mankind." (S&H 55:15-21)

It's a new month brimming with joy-filled opportunity to share more wonderful healing testimonies with you! We hope this finds you and your family doing well. If you've missed receiving any of our previous newsletters issued in April and May, please let us know and we can email you or you can view them on our website.

These accounts are a mighty testament to the healing power of Christian Science around the world that enables every one of us to heal as Christ Jesus said we would, as we follow him.

"O Jesus, our dear Master, Thy works, now understood, Reveal their full effulgence Through love and brotherhood. Today, Christ's precious Science Thy healing power makes plain: with joy may all obey thee And cast out sin and pain." (Christian Science Hymnal 221)

Healing of Painful Lump

About 7 days ago, I developed a small lump in my armpit. It was painful though I managed to get rid of the pain through the understanding that matter has no sensation. I affirmed to myself that it was nothing. To my surprise, after 3 days it grew big even though I felt no pain. When I realized it kept growing bigger, I started working with the scientific fact that I could only have what God legitimately produces on my body, which is therefore harmonious and not discordant.

I felt like I was getting nowhere and began to be tempted to accept that I could not experience healing. Yet, during that experience I remembered that I had prayed for my sister-in-law's small boy who had fever symptoms. I had simply reasoned that his Life was God, who is All, meaning he couldn't have

anything that God did not make. He was healed by afternoon after I prayed for him in the morning.

As I was still thinking (wrongly) how it was that I was not able to get healed, I started having intense pain. I then decided to get help from another Christian Scientist who gave me prayerful support and the following to work with: "There is but one primal cause. Therefore there can be no effect from any other cause, and there can be no reality in aught which does not proceed from this great and only cause." (S&H, 207:20–23)

The Christian Scientist told me that the error was over because he had pierced it with Truth. I felt at peace. The next day the lump vanished. Praise Great God!

Sons' Insanity Healed

Last week I received a phone call from a dad who was worried about his two sons who seemed to have suddenly gone mad. The boys could not recognize him, and they were hallucinating. The father was afraid because it seemed to be getting worse by each hour. However, he had so much faith in Christian Science since it had healed his wife of a terminal disease.

Immediately after he asked me to pray for his sons, it came to my remembrance that God is the only Mind, and man is His reflection and likeness. Insanity is not a quality or product of this one all-knowing Mind. So I held on to the fact that the boys in question were perfect, right then and always. I refused to entertain any other claim of this error having a cause or reality, knowing very well that all being is in God, good.

In the next two days I received a message from the dad, "O, give thanks unto the Lord; for he is good: for his mercy endureth for ever. (Ps. 106:1) My kids have fully recovered!"

Healing of Stomach Pain

Today I was at a certain shop, working on installing a computer system they just got for their business. I passed by where Tinashe, the supervisor of the shop was standing. I saw him leaning over the counter with his eyes shut. I asked him if everything was all right. He replied that he had just eaten some food from a supermarket, and afterwards he started having a severe stomach pain. I asked to pray for him, and he accepted.

I reasoned that Tinashe was not a material body but an idea of God, and being an idea, all ideas are produced by the divine Mind, which produces only perfect ideas. Mind holds its ideas in perfect harmony including Tinashe. I ruled out the belief that any food he ate could produce any effect of a stomachache, knowing well that there is but one primal cause which produces only good. I trusted that Tinashe was in God's hands, and God was caring for him and loving him right now. I knew that he had never for a moment fallen out of God's hands and that he could never have a stomach pain.

Because I was under so much pressure with my work in installing the computer system, the day quickly passed, and it came time to finally go home. It was then that I saw Tinashe had spent the rest of the day at work. He then told me he had actually forgotten he had the discomfort, and he said to me with a smile, "Aunt, your prayer surely works!" Then I replied we had simply proved that God was loving him.

Unconscious Man Healed

A few months ago I went to my village and shared the healing power of God through the demonstration of healing with a few friends. On my way back home, I was called by a relative of mine and he narrated how his brother desperately needed a healing. The brother often fell sick and became unconscious for many hours every day. His family had tried almost every kind of medical treatment for him, but nothing ever helped. This relative said he believed his father was bewitching the brother.

I asked if I could pay them a visit. When I got to the brothers' house and looked at the sick man's troubled face, this citation came into my mind: "The Spirit of the Lord God is upon me; because the Lord hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound." (Isa. 61:1) Now, contrary to the false sick image which stood before me, I saw God's perfect image and likeness.

I then spoke to the sick man, conscious of the power of Truth over error. I told him that he knew that he was perfect and didn't know any other gods besides the one true God, perfect Life, in which he lived, and moved, and had his being always. (Acts 17:28) I saw the brothers looking at each other in amazement, smiling. They were surprised by how the scriptures were interpreted in Christian Science. I smiled at them and knew, like it says in Revelation (21:6), "It is done. I am Alpha and Omega, the beginning and the end." Inwardly I rejoiced, knowing the belief that life can be material was

destroyed! They insisted that I should give them some literature, and I gave them a copy of Science and Health to share.

That day marked the end of the seeming sickness, and the family, including the father, was very happy to know of their new-found freedom to be “the sons of God.” (1 John: 3) Glory to God!

Malaria Healed With Mother and Daughter

Two days ago I was told a lady, who happens to be our neighbor, was not feeling well such that she was bed-ridden and not able to walk. I decided to pay her a visit so that I could ask to pray for her. As I got to her home, she was in bed and could not even sit up.

I asked how she was doing, and she told me she had been at the clinic and been told that she had malaria. She added that she could not eat because she had wounds on her throat, her legs were painful, she was vomiting, and she was struggling to breathe. I asked to pray for her, and she accepted.

I told her God loves her and that she should not be afraid. I reasoned in my thought that God and man are one in being, meaning Beauty (the name of that lady), was one in being with God. And because God is good, Beauty was only experiencing at that moment all of the good that God was unfolding in her life.

Beauty then told me that her small daughter Nyasha also had a fever and vomiting which she suspected was malaria. I then prayed, working with the idea that God is Spirit and that Nyasha was the offspring of Spirit (another name for God), meaning the substance of Nyasha’s life is divine Spirit, which doesn’t know discord. Therefore she could not be feverish or be sick. This morning both mother and child were well and up and about their usual business.

- B.

Thank you for your support of Christian Science healing and church growth in Africa. Please feel free to share these healings with anyone (and let them know that they came from our website, which can be accessed at any time). If you know of anyone who might be interested in receiving these monthly newsletters, please have them sign up on our website -- or you can send us their email address and we will sign them up.

We will never share your email address with anyone else.
