

Orchestra Boosters' Membership Form 2018 - 2019

Your \$25 tax deductible annual membership supports your child's orchestral growth and advancement. The booster group helps to pay for contest fees, new music, scholarships, group travel, and more. We organize social events for orchestra students as well as provide them with opportunities to serve their community. As a member, you will receive emails about orchestra events and activities and are entitled to cast one vote at all member meetings. All members are invited to attend monthly booster meetings.
