

## Breaking News from Bee's Stained Glass

### In This Issue

[CLASSES](#)

[THE SCORE](#)

**April/2016**

Finally Spring is here...  
I guess the groundhog was correct  
(better than some weathermen are!!)

We have been busy in the studio since the end of February with custom orders...and still are...so, we are going to hold off on the classes until the end of April...

Our first class will be Stained Glass Stepping Stones... and we have it on the calendar now...

Some of the classes upcoming are: Beginning Stained Glass (Foil and Lead Techniques), Designing for Stained Glass, Beginning Fused Glass, Fused glass Pinwheels, Fused Glass Mushrooms, Fused Glass Textures, Mosaics (which includes a new class called "Crash Glass" Mosaics), plus others (we are open to suggestions!!)

Keep checking back for more classes in the future...

Also, We know that Tax Day is fast approaching...and we would like to make that day a little less stressful for our customers. So, that being said, we are giving a 15% discount (that day only!), on all in-stock supplies and glass...Coupon is attached to the end of this email.... Come on in!!!

## CLASSES

### Stained Glass Stepping Stones

Want to add a little different color to your garden or walkway with a glass mosaic stepping stone!

In this 2 day step-by-step class, you will be learning everything from cutting to layout to mixing and pouring concrete to sealing your finished project. You will be given an 8" x 8" reusable mold, which is yours to keep! We will supply a basic pattern or you can draw your own! Plus, we supply the glass and cement you will be using.

***Basic glass cutting experience is recommended.***

**Limited to 4 students.**

**Dates: April 27th & 28th**

**Time: 5-8p (first night 3 hours,  
second night til done)**

**Cost: \$65**

**FYI - Newest SCORE is in the Studio and it's FREE**

**The SCORE**

**#129**

This issue announces Spectrum's new System 96® website and discusses fun uses for Spirit™ and STRIPES™ products in stained glass applications.

The System 96 Project Guide features a glass stamping technique taught by guest artist, Erica Biery Collins.

The large patterns featured in this issue are "Rose of My Heart" a lovely Victorian design by Terra Parma, and "Cranes," a natural scene by Jeffrey Castaline and Hiroyuki Kobayashi of Aanraku Studios

Come and get your free copy today....

Hope to see you soon...

**Sincerely,**
