# Lost "Easter Eggs"?

Roger McCollough, SWR Ø98, President

### Or Just Not Read?

[<This article perhaps proves that I was never destined to become a

writer - Sorry!>]

I write these articles monthly, hoping that you will read them and be interested in the team, its actives, some history, and your value for what we do for our community. In an effort to seek your thoughts on the subject, I requested a response, of any kind, to the subject of the article, but no voice replied. So somewhere, in a past article, I planted an "Easter Egg" (with a small reward?) that should not have been missed, and triggering a response. NOTHING! (A Easter Egg" is something hidden in the text to direct the reader to a special location for a special message: it's a sort of clue.) No response.

### Talking into the wind?

As part of the job of President is that they have been expected to write an article to inform about the items mentioned above. I have tried to encourage response to our activities, now that the Covid Containment is pretty much a past influence on our daily life. Event requests have started to trickle in and have been completed successfully: but only by the same few. We use our net, the REACTER, our website, and email to alert you of upcoming events that you should carefully consider

We have two standing activities; a once-a-month general meeting and a twice-a-month net. Our once a month board meeting may also be attended by the members. Today's Smart Phones usually have a calendar app that can easily be loaded to remind us of these regularly repeated events. All of these fall on a Thursday. Only the general meeting is longer than 10-15 minutes in length and it is before prime-time television. Currently the general meetings

are held on zoom to reduce the need for travel with face-2-face meetings held on the third month of each quarter (March, June, September, and December). Again, mostly only the faithful few attended. This month (it's June folks!) will be the time for a face-2-Face meeting at the church, welcoming both members and guests. Will you he there?

# Subject: My article for June

What you just read is my non-article article. I leave it to you to finish the rest. You write what needs to be said to communicate the items I mentioned at the beginning. To refresh your memory, they were:

- Be interested in the Team,
- 2. Its activities,
- 3. Some history, and
- 4. Your value for what we do for our community.

ок. The ball is in your court to respond as a valued member. I really want to hear from you.
