SAVE A LIFE

“Stop The Bleed” / Every Day Concealed Carry & Medicine (Level 1)

South Mountain Defense Is proud to announce the first of its kind STB/EDCCM Course. This one-day course will comprise the nationally recognized "Stop The Bleed" Course along with live fire exercises dealing in critical situations where you or a loved one may be injured and need to defend yourself. It gives the students the opportunity to use an Individual-First Aid-Kit (IFAK) and how they would perform in various live fire scenarios. The course is designed so that each section may be taken by itself: STB and/or EDCCM.

After successful completion, each student will receive both the “Stop The Bleed” and EDCCM (Level 1) certificate. This is the ideal class for any individual, organization, company, law enforcement or security team to receive hands-on training in critical live fire injury situations along with the official STB Certificate.
