Bring a photo I.D., your FRN (Social Security Number if you do not have an FRN), and a signed copy of your FCC Amateur license (if currently licensed or within the FCC grace period).

Bring both pen and pencil to the exam.

605 Forms must be completed in ink.

Smartphone calculators, smart watches, smart glasses, etc. cannot be used during the test and must be turned off.

Programmable calculators must have their memories cleared to the satisfaction of the VE Team.

Administrative upgrades:

An applicant must already be licensed or pass the Element 2 exam to receive "Grandfathered" Element credit(s).

The following may be used as proof that an applicant is authorized to receive credit for an exam element:

- a) An original expired or photocopy of an expired license.**
- b) A letter from the FCC indicating the applicant had previously been granted a specific class of license and the date of the license grant (e.g., a specific date or a statement that includes "...prior to 21 March 1987".**
- c) A CSCE that indicates the applicant passed one or more exam elements within the previous 365 days.
An expired CSCE is not acceptable proof of any exam Element credit.**
- d) A CSCE with "pen and ink" changes may not be accepted as acceptable proof for any Element credit.**
- e) A printed reference copy of an expired and cancelled license from the FCC's ULS website that indicates the applicant was previously granted a General, Advanced, or Amateur Extra Class license.**
- f) A screen print from the 1993 QRZ Database (www.qrz.com/db/1993/). This database only contains calls granted between 1983 and 1993.**
- g) A copy of the cover and applicable page from a Call Sign book, showing date of publication, the applicant's name, call sign, and class of license.**
- h) Teams may verify an applicant's current license by accessing the FCC's ULS website or using the Laurel-VEC Session Manager software during the registration process of the exam.**
- i) No other form of documentation is acceptable.**
