\* Note: The plant operator's annualized wages had been previously paid in arrears, in January of the year following that in which they were earned. That accounting adjustment is no longer necessary. This year, the operator's wages for 2013 were paid in January of 2014 and current wages for 2014 were paid in December, hence both payments show as expensed in 2014. Subsequent accounting for all wages shall be concurrent with the year in which they are earned. There has been no increase in the operations wage base. Total wages and payroll taxes current for 2014 specifically were \$14,680.00.

## Monhegan Island School

### Annual Report from the Superintendent: William Shuttleworth

February 2015

Dear Folks,

Well, for a small island, quite a lot has happened during this year. We said goodbye and thank you to Mary Weber who left to attend to her new business here on Monhegan. We still get to see her, pick her brain and celebrate her success as a business entrepreneur.

We then had a large teacher search and hire Emily Brittelli, a young teacher who came from Bangor. She and her husband, Joe, moved to the 'teacher house' and then, by quite the surprise, our enrollment went from a low of 3 last year to 10 at the start of the school year. With children ranging in age from 3 to 12, we felt we needed additional support and were lucky to bring Mandy Metrano on to support the instruction in our school. But, that's not the whole story. Shortly after being hired, we were informed that Emily was going to have her first baby and as the year unfolded, we patched together a terrific team of substitutes to keep all the kids on target until Emily returned.

In a small one room school, a certain alchemy exists that is truly magical. We truly are one community, one large family of learners. When you visit, which we hope you do, you will see small groups of children working together, with individual learning targets to meet their personal needs. We are not alone on the island. We are well connected to many other island schools through our internet network and leave the island for field trips and gatherings with other schools.

We are grateful to this community and thank you for your steadfast support for this incredible school. We know that our kids receive a great education and the island is the perfect campus, preparing a generation of children for a world moving at the speed of light.

Sincerely,

William C. Shuttleworth
