

Material Safety Data Sheet

Date Printed: 3-16-06

Date Updated:

Section 1 - Chemical Product and Company Identification

Product/Chemical Name: Super Foam

INCI Name (Proposed): None

Manufacturer: RJN Industries, Inc.

6732 N.W. 20th Avenue
Fort Lauderdale, FL 33309

Phone (954) -984-0204
Fax (954) -971-0193

Section 2 - Composition / Information on Hazardous Ingredients

<u>Substance Name</u>	<u>CAS #</u>	<u>Percent</u>	<u>PEL</u>	<u>TLV</u>
None (non toxic, hypo allergenic, biodegradable, Cosmetic Grade ingredients)				

Section 3 - Hazards Identification

There are no potential health effects expected from handling this material. Good manufacturing practices are always recommended when handling any chemical. There are no significant laboratory data to suggest any hazard to humans.

Carcinogenicity: IARC, NTP, and OSHA do not list this product as a carcinogen.

Section 4 - First Aid Measures

Inhalation: Short –term harmful health effects are not expected from vapor-generated at ambient temperatures with concentrated product. If first aid is required move victim to fresh air.

Eye Contact: May cause some moderate eye irritation in concentrated form. Flush immediately with water for 15 minutes. Obtain medical attention if severe irritation occurs.

Skin Contact: May cause some irritation or discomfort in concentrated form. Remove contaminated clothing and wash with soap and water.

Ingestion: May cause abdominal discomfort, nausea, vomiting, and diarrhea. Give two glasses of water. Do not induce vomiting. Obtain medical attention.

Section 5 - Fire-Fighting Measures

Flash Point: > 200°C None by Pinsky - Martens closed cup

Flash Point Method: ASTM D-93

Extinguishing Media: Use water spray, carbon dioxide, alcohol type or universal type foam applied in accordance with the manufacturer's instructions.

Fire-Fighting Instructions: Do not release runoff from fire control methods to sewers or waterways.

Fire-Fighting Equipment: Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full facepiece operated in pressure-demand or positive-pressure mode. Section 6 - Accidental Release Measures

Safeguards (Personnel): Review FIRE FIGHTING MEASURES and HANDLING (PERSONNEL) sections before proceeding with clean up. Use appropriate PERSONAL PROTECTIVE EQUIPMENT during clean up.

Spill /Leak Procedures: Collect for disposal in accordance with applicable Federal, State, or local regulations.

Containment: For large spills, dike far ahead of liquid spill for later disposal. Do not release into sewers or waterways.

Regulatory Requirements: Follow applicable OSHA regulations (29 CFR 1910.120).

Section 6 - Accidental Release Measures

Safeguards (Personnel): Review FIRE FIGHTING MEASURES and HANDLING (PERSONNEL) sections before proceeding with clean up. Use appropriate PERSONAL PROTECTIVE EQUIPMENT during clean up of concentrated product.

Spill /Leak Procedures: Collect for disposal in accordance with applicable Federal, State, or local regulations.

Containment: For large spills, dike far ahead of liquid spill for later disposal. Do not release into sewers or waterways.

Regulatory Requirements: Follow applicable OSHA regulations (29 CFR 1910.120).

Section 7 - Handling and Storage

Handling

User Exposure (concentrated form)

Do not breathe dust. Do not get in eyes, on skin, on clothing. Avoid prolonged or repeated exposure of concentrated product.

Storage

Suitable

Keep tightly closed to prevent drying to a solid form.

Special Requirements

Hygroscopic

Section 8 - Exposure Controls / Personal Protection

Engineering Controls: No special engineering controls are required under normal use.

Ventilation: Provide general or local exhaust ventilation systems to maintain airborne concentrations below OSHA PELs (Sec. 2). Local exhaust ventilation is preferred because it prevents contaminant dispersion into the work area by controlling it at its source.

Administrative Controls:

Respiratory Protection: Concentrated product might cause respiratory irritation .

Protective Clothing/Equipment: Wear chemically protective gloves, boots, aprons, and gauntlets to prevent prolonged or repeated skin contact with concentrated product. Wear protective eyeglasses or chemical safety goggles, per OSHA eye- and face-protection regulations (29 CFR 1910.133). Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses.

Safety Stations: Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.

Contaminated Equipment: Separate contaminated work clothes from street clothes. Launder before reuse. Remove this material from your shoes and clean personal protective equipment.

Comments: Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

Section 9 - Physical and Chemical Properties

Physical State: liquid

Appearance and Odor: clear, mild soap odor

Specific Gravity (H₂O=1, at 25 °C): 1.001

pH: 6.5-7.5

Water Solubility: soluble

Boiling Point: >100°C@ 760mmHg

Freezing/Melting Point: N/A

Section 10 - Stability and Reactivity

Stability

Stability

Stable.

Materials to Avoid

Strong oxidizing agents.

Hazardous Decomposition Products

Hazardous Decomposition Products

CO, CO₂ formations

Hazardous Polymerization

Hazardous Polymerization

Will not occur.

Section 11- Toxicological Information

A knowledge of the available toxicology information and of the chemical properties of the material suggests that overexposure is unlikely to aggravate existing medical conditions.

Section 12 - Ecological Information

N/A

Section 13 - Disposal Considerations

Disposal: Contact your supplier or a licensed contractor for detailed recommendations. Follow applicable Federal, state, and local regulations.

Section 14 - Transport Information**DOT Transportation Data (49 CFR 172.101):**

Shipping Name: Not regulated

Hazard Class: 1

Section 15 - Regulatory Information

TSCA Inventory Status: Not Listed

EPA Regulations: SARA 311/312 Codes: None

State Regulations:

State	Component	CAS #	Wt.
Massachusetts	not regulated		
New Jersey	not regulated		
Pennsylvania	not regulated		

Section 16 - Other Information
