OUR STORY.

“Change one life” began with the simple idea of enriching your life and environment. When the earthquake and tsunami hit Japan in the Spring of 2011, the founder, Takuma Nitta, lost his house, hometown and the beautiful scenery around it. After the tragic events, Takuma started to rethink the valuable connection between the community and nature. He saw how plants and nature enriched people’s lives and he wanted to contribute back to disaster-affected areas around the world.

Founder

新田拓真
Takuma Nitta

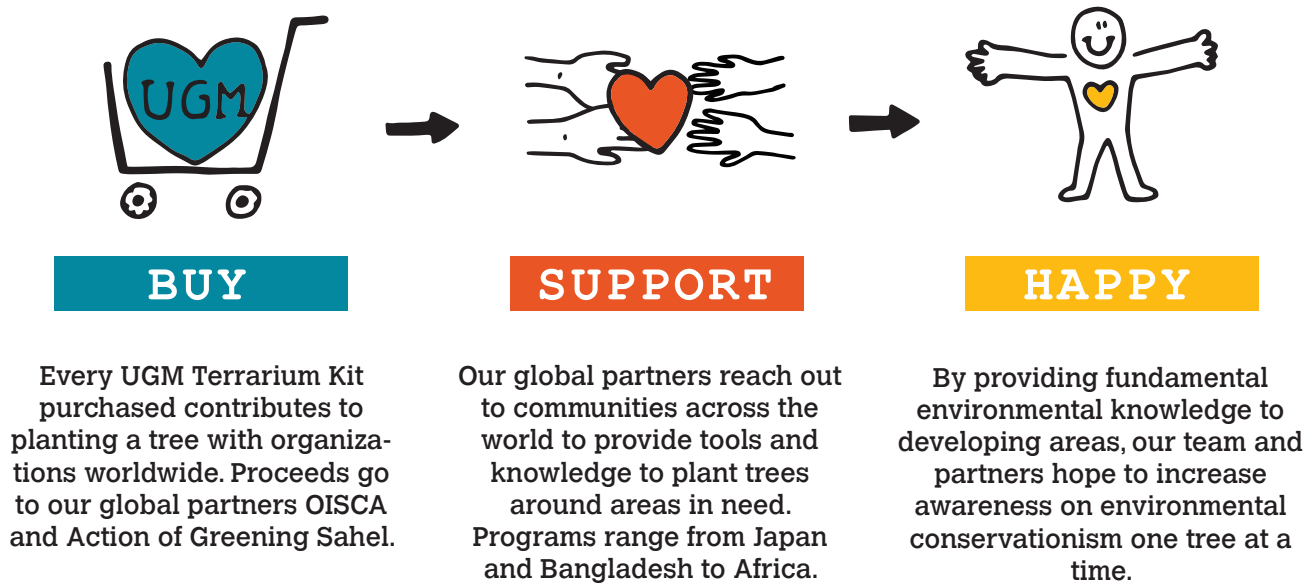

Takuma Nitta is from Ishinomaki City in Miyagi Prefecture, Japan. In 2011, he was one of the many victims of the earthquake and tsunami that hit Japan. After the disaster, Takuma recognized the important connection between nature and society. When he moved to Tokyo from his disaster stricken home in Ishinomaki City he wanted to find a way to help his hometown. In 2015, Takuma created URBAN GREEN MAKERS.

WHY GREEN ?

In 2015, URBAN GREEN MAKERS was developed with the mission of bringing more green products into our world. By giving trees and other green items to disaster-affected areas in Japan, Philippines, Africa and Bangladesh, Takuma Nitta hopes to start a global brand that can enrich people's lives and environments with the power of green. It is UGM's mission for everyone to feel connected to nature through our brand.

HOW IT WORKS.

CONCEPT.

An easy purchase, all for a good cause. UGM's products are unique, personal and heartfelt.

CUSTOMIZE.

With a large array of materials and containers you can customize your terrarium to your liking.

Have fun and enjoy your customized green.

HAND MADE.

Wouldn't you like to build your own terrarium?

Make your home or office space more enjoyable by adding a small green item.

AIR PLANTS

Air Plants, also known as Tillandsia's, are beautiful little plants that are very easy to grow. With the flexibility to use the Air Plant without soil, Tillandsia's are a easy choice for an easy-to-maintain Terrarium.

Air Plants are offered in 2-3 different varieties for each size range.

Learn more about Air Plants at www.urbangreenmakers.com.
