Solar Eclipse Viewing Event!

Monday, August 21 1:30-3:30pm

Join us at Borderland State Park for a viewing of the solar eclipse! On August 21st the Earth, moon, and sun will align, and here in Massachusetts we'll see a partial eclipse of 63%! Join park staff in the big field next to the main parking lot, where eclipse glasses will be provided courtesy of the E. Bridgewater Public Library. **Please note, looking at the sun without eclipse glasses can cause serious eye damage!** Children must be accompanied by an adult. For more information, please contact Borderland State Park at (508) 238-6566.
