

Laser Etched Aluminum Nameplates & Valve Tags

Laser Etched Aluminum Plates

- Rust Resistant Anodized Aluminum
- Colored On Both Sides
- .032" Thick Material
- Break, Stain, Chip And Shatter Proof Material
- Adhesive Backing Is In Lead Compliance With SCAQMD Rule #1168 And GS-36 Pertaining To VOC Levels.

Brimar Laser Etched Anodized Aluminum Nameplates and Valve Tags will last forever in almost any environment. Brimar uses .032 Anodized Aluminum to create a neat, sharp contrast against the background color. There is no color fill on these plates or tags, the character color is natural aluminum. Photo gives a close representation of the actual colors. Call for pricing if copy or color requirements are different, or if other options are required.

Please provide nameplate or valve tag list in either a Microsoft Excel or Word file for accuracy.

Standard Colors Available

BLACK NATURAL	GOLD NATURAL	RED NATURAL
GREEN NATURAL	BLUE NATURAL	ALUMINUM NATURAL

To Order Laser Etched Aluminum Nameplates: Specify Part Number, Background Color, Mounting Method (Adhesive, Screw Holes or Both), Number of Lines To Be Engraved, Letter Size, And Wording To Be Engraved. If No Mounting Method Is Specified, Adhesive Will Be Provided.

Price for namplates is based on no more than 20 characters.

Brimar will be happy to size your nameplate. To size a nameplate we need to know character size and a list showing what is to be engraved. Call for pricing on custom sizes, custom colors and larger quantities.

No Set-Up CHARGES

To Order Laser Etched Aluminum Valve Tags: Specify Part Number, Background Color, Letter Size, Wording To Be Engraved & Quantity of Tags. Standard Engraving Is 1/4" Top Line And 1/2" Bottom Line. Please Indicate If Different Character Sizes Are Required. OK to Combine for Best Pricing.
