

NUTRITIONAL SUPPORT FOR RETINAL HEALTH

ZeaVision
EyePromise[®]
What Your Eyes Need Most

Maintain Healthy Blood Vessels

EyePromise[®] Diabetes Vision Support (DVS) is designed to support healthy blood vessels – essential in preserving healthy vision – through a unique combination of ingredients with documented effects for eye health.*

EyePromise DVS offers the most comprehensive, science-based retinal health formula designed to:

- ~ Support retinal metabolism, structure, and function
- ~ Promote blood vessel health
- ~ Combat oxidative stress
- ~ Increase Macular Pigment Optical Density (MPOD)

* These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.

EyePromise DVS

Ongoing scientific research suggests that many nutritional ingredients may support blood vessel health, including those found in the *EyePromise DVS* formula.
