August 2022

FROM THE PRESIDENT

Here it is August already. Seems like the summer is just flying by and GaSCar activities are really ramping up for our busy fall schedule. We have slowed down some for August (because of the heat) but plan on the cruise-in at the *French Market Grill West* on Saturday the 6th if you can! And our monthly meeting on August 16th will feature a presentation by Wayne Joiner on some topic that Wayne is keeping close to his chest.

This month, despite temperatures hovering around triple digits, GaSCarians were not deterred from progress with their collector cars. Jerry Jason's 50 Chevy and Scott Wilkes Chevy Blazer are off to the paint shop. Work continues on Richard Dunevent's 57 Chevrolet with it finally being mobile and the paint and body work nearly completed. I saw it yesterday at Andrew's shop and it is really special. I know he's excited to have it so far along after all the effort. On the home front, my grandson and I are back on our 65

Mustang project. We fitted the new front fenders and hood after "rearranging" (with a BIG hammer) some of the front support members. Then we "hot wired" the engine. It started right up and seems to be happy and ran fine so that project is finally moving along again. Mike Lemons' 356 Porsche is reported as being petulant but, knowing Mike, it too will be back on the road soon.

Those are some of the GaSCar cars that I am familiar with but I know that many of our other members are working on their cars as well. It's always interesting to let our other members know what's going on in our antique car hobby so during the project progress report portion of our meetings don't hesitate to let the rest of the club know what you are doing and how your projects are coming along.

Our GaSCar board will meet soon to go over several planned upcoming events. Items to be covered will include tours, displays, car shows and other club activities. Remember, it's your club so if you have preferences or favorite antique car activities let one of the club officers or board members know.

Mike Lemons does a terrific job of keeping everyone up to date on happenings and GaSCar related events

GaSCar Name Tags

The response has been great on the number of members who are wearing nametags to GaSCar events. We continue to have new members on a regular basis and it certainly helps to put faces to names. Remember to wear your nametag to all GaSCar events. If you don't have one, the official GaSCar name tags are available at B&S Engraving, 3733 Washington Rd, Martinez, GA, 30907. They are open from 10 AM to 6 PM Monday thru Friday. The cost is \$16 for a name tag that attaches by pin or magnet, or \$18 for a name tag that clips onto the shirt pocket. A dangle bar attached below the main name tag with your car year, make and model, is an additional \$6 per dangle bar.

GaSCar Logo Items

Point of contact to get shirts, etc. embroidered with the GaSCar logo is Susan Meloan, 5030 Fieldcrest Dr. N Augusta, SC. Very reasonable. 803-634-2570.
