

ASCENSION OF CHRIST-CHURCH

THE 3RD BLOOD MOON ECLIPSE OF PROPHETIC TETRAD

The 3rd Total Blood Red Moon of the Tetrad will start on April 4, 2015. It will be visible in the Western Hemisphere. It will last approximately 4 min 44 sec. (444) What is interesting is that the eclipse's zenith or Totality, occurs in phi ratio approximation from the Hawaii, Tuvalu and Christchurch ley-line. From Earth's perspective, the Blood Red Moon will occur at the forearm of Virgo as the Moon starts to turn 'blood' red in the constellation. A left side or orientation is a contrast to the 'right' hand of GOD for example and will not be a good outcome for Israel.

The timeline shows the Spring Feasts of YHWH starting with Nissan 1 and ending with the Feast of First Fruits or Resurrection. The times in-between the major Feast time markers approximate the phi ratio as they do with the Fall Feasts as well. Concerning the Tetrad, the chart strongly suggests that perhaps this is a signaling of some time affecting the Church. It is either a literal revealing or a milestone in the overall Church's timetable of prophetic and astronomical progression that has gone hand in hand with the signs in the Sun, Moon and Stars.

APRIL 4, 2015

A Tetrad is when 4 consecutive total Red Blood Moon occur without any partial lunar eclipse in-between such. They come in pairs and are separated by 6 months. This Tetrad is suggested to be the 3rd in the cluster series that started in 1949 and is believed to many to be associated prophetically to Israel and the Holy Feasts of GOD.

There have been other Tetrads in the past but what is unique about these Tetrad is that all 4 fall lunar eclipses occur on either a Passover or Sukkot Feast. By some accounts, only 8 such Passover-Sukkot pattern of Tetrads have occurred since Christ.

THE ZENITH

The Plate Carree style map with a condensed northern latitudes provides a central Zenith of the pentagram overlay. This would place the Blood Moon approximately 322 km or 199 miles to the Atolls of Nukufetan-Fongafale-Niuoku. These approximate the alignment and distance ratio of the Pyramid of Giza complex.

ZODIAC ZENITH

The Constellation of Virgo superimposed over the heart of the Pacific Ocean approximates the matching of the latitude markers in relation to the Zenith of the 3rd Blood Moon of the Tetrad. Since the Earth is shown as a sphere and the Zodiac sign of Virgo as 2-dimensional, the points are not exactly matching but it gives a sense of the geometry and the synchronicity involved that directly are attributed to the celestial bodies and Earth's ley-lines, Tropics and Equator. The Pentagram demarcation of the Pacific corresponds to Japan-California-Antarctic-Easter Is. with the Tropic of Capricorn and Cancer in phi ratio to the Zenith of the Blood Moon. A diagonal ley-line that runs through Christchurch and Midway Island corresponds to the Zenith of the Blood Moon where it is positioned on Earth on April 4, 2015.

THE SIGNATURE OF GOD

The 3rd Blood Moon Eclipse of the Tetrad approximates a phi ratio correspondence to the Tropics of Cancer and Capricorn when the Zenith is attained for approximately 4 minutes, 44 seconds.

CELESTIAL MIRRORS

The constellation of Virgo matches the Zenith of the Blood Moon in relation to its position when mirrored against the topography of the Earth. Several key ley-line correspond to various islands and one of the legs of Virgo terminates at Christchurch.

THE MESSAGE OF THE TETRAD

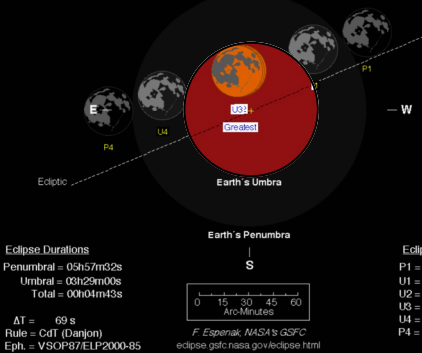

The Tetrad series as depicted upon its reflection on Earth is sequencing a particular 'code' of word association based on topography and ley-lines. It starts with the corresponding Blood Moons of the Tetrad demarking Easter Island, then Christ-mas Island, and Christ-Church. Perhaps it is a countdown of sorts to the Rapture or an event that will affect the universal Church of Christ on Earth.

The magnitude 6.3 earthquake that struck New Zealand's South Island at 12:51pm on Tuesday, 22 February 2011 local time (23:51 21 February UTC) demolished the Cathedral of Christchurch. The '11th Hour' earthquake was centered 6 mi southeast of Christchurch. It followed nearly six months after the magnitude 7.1 Canterbury earthquake of September 4, 2010.

CHRISTCHURCH

The Church Age has seen its full measure of persecution, Satanic assault and destruction from the Gates of Hell but the Promise of Christ is that the Church would withstand till the end because it has the power of the indestructible life of Christ Jesus Himself. Although just a building made by man, the true Church of Christ, Christ's-Church is promised to one day be completed spiritually and taken out of this world. The imagery is also indicative of the spiritual bankrupt condition of the last Laodicean Church Age testimony just before the Rapture of the Church.
