## BASIC DENTAL BENEFIT PLAN

### Accidental Injury to Teeth

Injuries due to biting and chewing are not covered. Other injuries are covered as a medical benefit payable as any other benefit, with no deductible. PPO providers are paid at 90% and out of network providers will be paid at 70% after the NPPO deductible.

### Allowable Charges, previously referred to as Usual Customary & Reasonable (UCR)

- ◆ **KTF Dental PPO Providers** – Fees are negotiated with providers. The PPO discount (*actual charges less eligible or allowable charges*) is written off by the provider and you may not be balance billed for the discount.
- ◆ **Non-PPO Dental Providers** – Allowable charges shall be limited to the 80th percentile of Context for Health's UCR rates. Members will be responsible for excess charges over the allowable UCR charges in addition to the above coinsurance for NPPO Providers.

### Appeals

*See Part B and C.* Same rules apply to the Dental Plan as for the Group Health Plan.

### Basic Plan Rules

*See Plan Parts A, B and C.* While the Dental Plan is a standalone plan, the basic plan rules and eligibility, COBRA, appeals, etc. are the same as for the Group Health Plan.

### Benefit Year

Your deductible and annual benefit limits are based on the Calendar Year.

### Claims

Claims must be filed within 90 days of date of service. All claims must be typed or printed and include plan and member ID numbers. *See Part B and C for Appeal Rules and Penalties for late filed claims.*

### Contacts and Important Plan Information:

Mail Dental Claims to: Syntonic Systems/KTF                      KTF: 844-583-3863  
111 John Street, Suite 1700  
New York, NY 10038

### Dental Coverage After Retirement

Retirees may elect to continue their dental coverage after retirement under COBRA rules. However, dental coverage is voluntary and subject to payment of current dental premiums and rules set up by the Trust. If a member drops their dental coverage, they may re-enroll during the next open enrollment period. Effective 1/1/2014, the Trust will pay the second half semi-annual premium for all retirees presently enrolled in the Dental Plan.

### Dental Deductible

There will be a Dental Deductible of \$0/Individual and \$0/Family. The deductible applies to in and out-of-network providers combined.

## Basic Dental Benefit Plan Rules Continued

### Dental Eligibility

Eligibility for the Dental Plan is subject to the terms of your collective bargaining agreement. Otherwise, the eligibility rules are the same as for group health. It is important to have a current enrollment form on file and to submit an updated enrollment form which lists all covered dependents anytime there is a material change in information or coverage, including any change in your spouse's dental or health coverage or employment status.

If only electing dental coverage, your enrollment form must indicate the health coverage elected or if the Opt Out is elected for medical due to spousal medical coverage.

### Extended Benefits (must be completed within 30 days of termination)

Benefits will be extended for a dental procedure that began before the date a person's coverage is terminating and completed within 30 days after the termination date, if the covered charge is for any of the following:

- ◆ A removable appliance or modification for which an impression is made.
- ◆ A fixed bridge, crown, gold or cast restoration when the tooth or teeth are fully prepared.
- ◆ Root canal therapy when the pulp chamber is opened and explored to the apex, provided you or your dependents do not become covered under any other group dental plan for that dental procedure.

### Grandfathered Plan

This is a grandfathered plan under the Affordable Care Act.

### Group Health Plan Provisions are Incorporated by Reference

Please refer to Plan Part A, B and C for additional information on plan rules. Precertification is not required for dental benefits. Coordination of Benefit rules are the same as the Group Health Plan.

### Maximum Annual Dental Benefit (Limited Benefit Plan)

1. **\$2,500** Annual Limit on total benefits paid in any calendar year for all services, both in and out-of-network, except Orthodontia.
2. **\$2,000** Lifetime Orthodontia limit for children under age 19 (payable quarterly over the treatment period).

### Medical Benefits for Dental Procedures

Except for the removal of impacted wisdom teeth, dental related procedures are generally not paid under the medical plan except in the case of an accident or in conjunction with congenital defect or disorder. Pre-approval is required for any dental procedure that is to be paid as a medical benefit. The oral surgeon or dentist will not be paid as a PPO provider unless he/she is also enrolled as a KTF Medical PPO provider.

## Basic Dental Benefit Plan Rules Continued

### **KTF Sole PPO Provider Network for Dental Services**

The only dental PPO Network is the KTF Network. Dentists in the Dental PPO network are not considered PPO providers for medical services, except in the event of an accident, unless they are approved as a Medical PPO Provider in addition to being a Dental PPO Provider. Members are responsible for determining the PPO status of a provider prior to treatment.

### **Out of Area (OOA)**

There are **no** special OOA benefits for the dental plan. PPO or Non-PPO benefits apply based on the provider used. Non-PPO dentists will be paid per the NPPO Dental Schedule of Benefits.

### **Plan Year**

The Plan Year shall begin July 1 and end June 30.

### **Prior Authorization of Services Not Required**

You or your provider may request an estimate (predetermination) of benefits from the Claims Dept. However, no prior approval is needed for any dental service, except for any service that is to be paid as a medical procedure. All medical related procedures involving dental work must be preapproved by the plan.

### **Removal of Impacted Wisdom Teeth**

Removal of an impacted wisdom tooth is covered as a surgical procedure under the medical plan as the primary plan and then it is covered under the dental plan, as secondary for individuals covered under both the medical and dental plan with KTF.

### **Standalone Plan**

Enrollment in this Dental Plan is not dependent upon enrollment in the KTF Group Health Plan. The same basic plan rules for the Group Health Plan also apply to the Dental Plan for COBRA, HIPAA, Appeals, Eligibility, etc. *See Plan Parts A, B and C.*

### **Timely Filing of Claims – Penalties for Late Filing**

All claims are to be filed by the provider (or the member in situations where the member pays in full for the services in advance) within 90 days of the date of service. Late filing penalties apply for late filed claims and benefits will be reduced.

### **TMJ (Temporomandibular) Treatment or Devices**

TMJ treatment or devices are not covered except as specifically provided in the Schedule of Benefits for the Dental and/or Group Health Plan.

## KINGSTON TRUST DENTAL SCHEDULE OF BENEFITS

\*\* (Proof of coverage for 12 months including prior dental coverage for major dental services and orthodontia without a break in coverage of more than 63-days is required.)

### Class 1 – Preventive and Basic Dental Services

1. Two bitewing series of x-rays during any Benefit Year - one preventive and one additional bitewing series will be covered if medically necessary.
2. Occlusal and extra oral x-rays will not be paid for more than 2 films within any 2 Benefit Years. Panoramic or full mouth x-rays are limited to one set every three Benefit Years.
3. Space maintainers for children up to age 14 and any adjustments made within six months of the installation of the space maintainers.
4. Emergency exams or emergency palliative treatments for the purpose of removing or alleviating pain and sedative fillings are limited to one annually.
5. Benefits for a filling include local anesthesia and conscious sedation (including nitrous oxide) or direct pulp capping on the same date as the filling.
6. If over age 18, two periodontal prophylaxes shall be covered for those previously treated for periodontal disease. Periodontal maintenance is limited to twice in any Benefit Year period or in conjunction with regular cleanings with no more than 4 visits/cleanings per Benefit Year in total.
7. Two regular prophylaxes (cleanings) during any Benefit Year, including polishing and scaling.
8. Two fluoride applications for children age 18 and younger during any Benefit Year. Sealants shall be covered to age 18 or as medically necessary.
9. Two routine oral examinations during any benefit year.
10. If additional dental services are provided on the same day as an emergency examination, we will not make payment for the examination.

## Class 2 – Basic Dental Repairs

**Restorations:** Amalgam and composite fillings, pulp caps and nitrous oxide. The fillings may consist of silver amalgam and/or tooth color restorations using synthetic materials.

**Inlay/Onlay:** Porcelain/ceramic for up to three or more surfaces, including re-cementation and partial restoration.

**Periodontal Scaling & Root Planning:** Benefit includes teeth quad and maintenance.

**Dentures:** Includes denture adjustments, realignment and repair of broken denture base.

**Consultations:** Only one consultation visit will be covered in any Benefit Year, other than an emergency consult.

## Class 3 – Major Periodontics, Endodontics, Repair and Root Canals

Covered services include local or general anesthesia (including nitrous oxide) in conjunction with:

1. Surgical periodontics examination, gingival curettage, gingivectomy and gingivoplasty, osseous surgery including flap entry and enclosure, mucogingivoplastic surgery, and management of acute infections and oral lesions.
2. Oral surgery to extract teeth may consist of treatment of fractures and dislocations and diagnosis and treatment of cysts, abscesses and impaction.
3. Periodontic treatment (scaling/planning) of the same portion of the mouth (quadrant) is once annually.
4. Apicectomy which may include flap surgery, apical curettage, local anesthesia, x-rays and post-operative care.
5. Inlay/onlay services are covered when teeth cannot be restored by filling, local anesthesia, direct pulp capping on the same date as cementation, indirect pulp capping, lab charges, base, pins, gum preparation and temporary restoration. Replacement of inlays are limited to once every five years.
6. For child crowns (up to age 14) covered services include pulpotomy, including local anesthesia, x-rays, pulp capping, temporary fillings and post-operative care.
7. Repairs or adjustments to bridges or dentures.
8. Root canal therapy, including anesthesia, x-rays, pulpotomy, temporary fillings and post-operative care.
9. Crowns are covered when a tooth cannot be restored by other means and when the crown is not part of a bridge. Crowns can be replaced once every five years, if medically necessary.

### Class 3 – Implants, Dentures and Bridges (after 12 months in Plan)

Major services shall include the following, provided the member has been covered under this plan or another dental plan covering such major services for the previous 12 months prior to the date of service (*HIPAA Certificate or proof of coverage is required*):

1. New bridges
2. New dentures

Implants or any prosthetic device including any attachments, implant crowns, and any procedures related to the implant (that are *not separately covered, e.g. removal of a tooth*), subject to the annual benefit limit same as any other dental procedure. Removal of a tooth for purposes of later installing an implant is covered as oral surgery for the tooth removal.

### Orthodontia (Children to Age 19)

- ◆ Includes treatment of Transitional Primary Dentition or Permanent Dentition, including Class I, II and III Malocclusion.
- ◆ Radiographs, cephalometric film and casts.
- ◆ Minor or interceptive treatment for tooth guidance, including removable appliance therapy and fixed or cemented appliance therapy.

Orthodontia is covered at 50% for PPO and 40% for NPPO for any dependent to age 19 who has been covered under this Plan or who has had continued orthodontia coverage under any other dental plan for at least 12 months will be covered. HIPAA Certificate or proof of coverage is required for prior coverage credit.

Payments shall be made on a monthly or quarterly basis as long as the patient remains a covered member under this Plan. Payments will be made over the treatment program with the first payment payable upon insertion of the device. Payments are subject to the lifetime limit for Orthodontia Treatment for each covered dependent under age 19. Only treatment that begins after the effective date of coverage or the effective date of a new benefit (orthodontia) shall be covered.

### Dental Exclusions

**Treatment Started Before Coverage or Benefits Begin** – Charges for the following are not covered if services began prior to becoming covered under the Dental Plan unless the member provides proof of prior continuous creditable dental coverage with no break in coverage according to HIPAA rules. The member must supply the Plan with a copy of the HIPAA Certificate for any prior dental coverage or other proof of prior coverage before any consideration will be given to coverage for any treatment which began prior to coverage under this Plan. If a new benefit is added, only treatment that begins on or after the effective date of such coverage will be covered.

1. Orthodontia treatment
2. Denture, if the impression for the denture was taken prior to coverage.
3. Crowns, bridges or gold restorations, if preparation of the teeth was begun prior to coverage.
4. Root Canal Therapy

## Dental Exclusions - Continued

**Non-Covered Services** – Charges for the following are not covered unless specifically listed as a covered service in the schedule of benefits or approved due to medical necessity for purposes of either medical or dental care as may be appropriate or determined by the Plan.

1. Any medical procedure relating to dental must be preapproved in advance. Preapproved medical/dental procedures will be covered under the PPO or NPPO depending on the status of the provider. Any dental provider must also be in the medical PPO network to be covered for medical treatment as a PPO benefit.
2. Replacement of a lost or stolen appliance.
3. Instruction in oral hygiene or plaque control, completion of any forms or failure to keep any scheduled appointment.
4. Dental procedures performed solely for cosmetic reasons or to characterize or personalize dentures or bridges. Examples of cosmetic procedures: Porcelain overlays, veneers and teeth whitening are considered cosmetic procedures by the IRS.
5. Appliance or restorations except full dentures, to change vertical dimension, or restore occlusion or correct Temporomandibular Joint Dysfunction (TMJ). Diagnostic procedures and any treatment for each are excluded. (*See your group health plan for TMJ benefits.*)
6. Dental procedures performed while you or your dependent are not insured for these benefits. This includes procedures started before a member's effective date of dental care insurance although partially performed after that date.
7. Dental injuries incurred as a result of "biting" or "chewing" will only be covered under the Dental Plan and not considered as an accident benefit under the Group Health Plan.
8. Charges for filing a claim.
9. Dental procedures performed because of an occupational injury or sickness.
10. Gold foil restoration. Bacteriological studies, caries susceptibility tests, pulp vitality tests, diagnostic photographs or diet planning.
11. Consulting with another dentist on the same day your dentist provides another covered service.
12. Except as specifically covered, athletic mouth guards, night guards, analgesia, implants, replacement of lost or stolen appliances, myofunctional therapy, precision or semi-precision attachments or denture duplication.
13. Prescription and non-prescription drugs. Prescription drugs prescribed by a dental provider are covered the same as any other Rx under the Health Plan. Use your KTF ID card.
14. Dental services or procedures not specifically included in the schedule of covered services and not considered within the scope of normal, acceptable dental practice nor consistent with the highest ethical dental standards of the dental profession, as medically necessary for dental health.

## DENTAL ADA PROCEDURE CODES AND CLASSIFICATIONS

The following ADA Codes will be used to determine the benefit per the Dental Schedule of Benefits. KTF will take into consideration new ADA Codes and place them in the appropriate Class, at their sole discretion and old codes will be discarded based on ADA guidelines. **Certain codes may be considered a covered expense based on individual facts and circumstances, at the discretion of the plan, even though such code is generally not covered.** The following listing will prevail in the event of any discrepancy in other plan language.
