

New Plants 2016

Annuals

Alstromeria *Light Yellow, Lolly, Lucky*

This zone 6 hardy plant continuously blooms in a floriferous spreading mound all summer.

Asclepias *Yellow, Orange*

These tall annual varieties of Butterfly Weed will attract Monarchs from all around.

Begonia *Amstel Carneval, Britt Dark, Blitz, Lemon, San Fran, Mistral Red, Lemon*

Bright new colors of this timeless, easy-to-grow shade lover.

Bidens *Campfire*

A Proven Winners (PW) variety. Dark yellows and oranges fleck the petals of this sunny annual.

Browalia *Flirtation, Illumination*

PW varieties in blue and white. More mounding than older varieties.

Calibrachoa *Hula Gold, Aloha True Blue, Hula Soft Pink*

Fresh new colors to add to our collection of this bushy plant.

Canna *Cannova Yellow, Cannova Red Shades*

Flowers quicker than older varieties, blooms better in our zone.

Celosia *Dragons Breath, Barcelona*

Deep red plumage, *DB* with red foliage, great new innovations on an older plant.

Cleome *Mi Amor*

PW variety will grow extremely tall (3-4'). Great for a focal point or backdrop.

Coleus *Trailing Plum, Lava Rose*

Two new beauties with striking foliage to add to our extensive Coleus collection.

Cossandra *Marmalade Orange*

Peach colored flowers with delightful fragrance.

Diascia *Glacier White*

Pure white, PW variety. Bushes well and flowers continuously.

Geranium, pelargonium *Elegance Ballet, Cherry Blush, Appleblossom*

Also known as Regal Geraniums or Martha Washington. New colors for our collection.

Iresine *Purple Lady*

Thick, bushy trailer with cranberry and burgundy foliage. Great for a bed or containers.

Nemesia *Blood Orange*

New color of this stunning long-bloomer for our collection.

Impatiens, New Guinea *Ruffles Peach, Rose, Lavender*

This classic is revamped with incredible ruffled petals. A PW variety with strong disease resistance.

New Plants 2016

Nierembergia *White*

Bringing back this star-shaped white blossom after several years.

Petunia *Sweetunia Suzie Storm*

Red with pink veins, this spreading Petunia is an excellent new addition to our collection.

Phlox *Intensia White and Blueberry*

Annual PW varieties that bloom all summer. Spreading plant good for beds or containers.

Portulaca *Pazazz Red Flare, Fuchsia*

Vibrant new colors to add to our collection of this time-tested drought-tolerant plant.

Salvia *Summer Jewel Pink*

Beautiful, delicate pink flowers on 18" stalks. Excellent in the ground.

Sunpatiens *Compact Red, Coral Pink, Blush Pink*

Compact, colorful additions to this popular, sun-loving Impatiens.

Supertunia *Bordeaux, Black Cherry, Latte*

New colors for our extensive Supertunia collection. These spreaders will fill any bed or pot.

Thunbergia *Arizona Glow*

A beautiful orange-red variety of this fast-growing flowering vine.

Torenia *Indigo Moon, Purple Moon*

New colors to add to our Torenias, great for part sun and shady areas.

Verbena *Sparkling Ruby, Amethyst, Peachy Keen, Vintage Vodka, Superbenas, Lime Green, Candy Cane, Pink Shades*

We added many varieties and colors this year, new trailers and uprights in vibrant colors.

Perennials

Agastache *Blue Boa, Violet Vision, Ambrosia, Mandarin*

Four different varieties varying in height. All excellent in sun for attracting butterflies and pollinators.

Amsonia *t. salicifolia*

Native to Eastern US, deer resistant, sun-loving with blue blossoms, this strong plant can grow 3 feet.

Anemone *Lucky Charm, t. robustissima, Loreley*

Deep pink varieties for the mid and late summer. A delicate burst of color for the perennial garden. Loreley has pink and white double blossoms.

Aristolochia *baetica*

Strong climbing vine with exotic pipe-shaped mauve to purple flowers. Can handle some shade.

Artemisia *Silver Brocade*

Low-growing, but spreads wide. This silver leafed variety closely resembles Dusty Miller, but is hardy.

Asclepias *tuberosa*

Well-loved Native Butterfly Weed, grows around 2' tall with large orange flowers. Attracts Monarchs.

New Plants 2016

Astrantia

Star of Beauty

Deadhead the intricate white and pink blossoms to promote growth throughout the summer. Medium sized mounding plant, good for full sun or partial shade.

Baptisia

Purple Smoke, Solar Flare

New colors in deep purple and yellow. Similar habit to *Baptisia australis*.

Delphinium

Guardian Blue, Guardian Lavender

New colors that reach 40" high. Cut down old flowers to promote new blooms.

Filipendula

Red Umbrellas

A beautiful plant, dark green leaves with crimson veins. Feathery pink blossoms in early summer.

Gaura

Pink Lady

Bushy and long-blooming, this plant is much hardier than other *Gaura* varieties.

Helleborus

Pink Frost, Merlin

Hardy Lenten Rose varieties varying between light pink and cranberry with upward facing blossoms.

Helenium

Ranchera, Fuego

Ranchera has bright red blossoms, *Fuego* has orange and yellow pinwheels. Stunning colors.

Hosta

June, Liberty, Brother Stephan

New varieties for our extensive *Hosta* collection.

Iris, germanica

Ozark Rebounder, Shoot the Moon, Immortality, Feed Back

Reblooming varieties, hardy, purple, yellow, white, and purple, respectively.

Lavendula

Mini Blue

Short, compact variety of *Lavender* with small, but numerous blossoms.

Lilium, asiatic

Tiny Ghost, Tiny Orange Sensation, Tiny Rocket

Dwarf (12-16") lilies in red, deep orange, and deep red, respectively.

Monarda

Balmy Rose, Balmy Lilac

Lilac is a replacement for 'Grand Parade.' Compact, less aggressive than others, and mildew resistant.

Paeonia, garden

Coral Charm, Felix Crousse

New large-blossomed varieties. Coral and fuchsia colored, respectively.

Penstemon

Dark Towers

Reaching only 3 feet, this dark foliaged plant shoots out stalks of pink flowers.

Phlox paniculata

Purple Rain

Traditional tall *Phlox* with purple blossoms. Mildew resistant.

Salvia nemorosa

Sensation Deep Pink

Replacement for "Eveline" with numerous pink blossoms.

New Plants 2016

Thalictrum *aquilegifolium*

This moisture-lover is unique for its height (24-40") and delicate pink blossoms in summer. Can tolerate sun, but prefers part shade.

Thermopsis *caroliniana*

Spring-blooming a bouquet of yellow, this hardy plant is one of the first to peek out its leaves in spring.

Vegetables

Pepper *Chili G76 F1*

Hot pepper, hybrid Anaheim. 8" green fruits with mild heat.

Pepper *Pepperoncini*

Mild hot peppers turning yellow or red when mature. 5" fruits.

Stevia *Herb*

Leaves are used as a natural sweetener. Substitute for sugar, honey, or any other sweetener.

Tomato *Better Bush, Church, Container's Choice, Patio Hybrid*

New tomato varieties include a larger selection of determinate patio tomatoes, and the enormous, pink, flavorful, Church tomato.

Trees and Shrubs

Cercis *Lavender Twist*

Weeping Redbud variety, with bright purple blossoms. Blooms in spring, grows up to 10 feet tall.

Fagus *grandiflora*

American Beech growing 50-80 feet tall. Dark glossy leaves will handle sun or shade.

Kalmia *Sarah*

Outstanding pink Mountain Laurel. This evergreen shrub prefers sun to light shade.

Magnolia *Butterflies*

Light yellow blossoms bloom early on this pyramidal tree. It can reach 25-35 feet tall after many years.

Rhododendron *Edith Bosley*

Deep indigo purple flowers cover this evergreen shrub. Sun to light shade; mature size is 8 feet.

Rose *H.T. Julia Child, H.T. Smokin' Hot, D.A. Flstaff, CLMB. Sky's the Limit*

New rose varieties to add to our extensive selection. Best purchased in the spring.

Syringa *Madame Lemoine*

White double flowers paired with heart-shaped leaves. Full sun, mature size is 8-10 feet high and wide.

Tilia *greenspire*

Linden tree. Excellent for providing shade. Mature size is 50 feet, but it is not a quick grower.

Vitex *Shoal Creek*

This unique shrub bursts with bright blue to purple flower spikes in the late summer and early fall. Fast growing shrub can reach up to 10 feet high, but should be pruned very hard in the early spring.
