The undersigned applicant does hereby apply to La Plata Archuleta Water District for domestic water service at the above location.

In making this application and in consideration of performance by the District of its obligation to furnish water and install and maintain a water meter at the property line of the Customer in accordance with the Rules and Regulations of the District as amended from time to time, the Customer does hereby pay to the District a Capital Investment Fee in the amount of \$\_\_\_\_\_ for said water service connection.

1. All taps must have a correct street address from legally surveyed property.
2. For any tap issued for new construction, the Property Owner must provide a copy of the County issued building permit to the District.
3. All fees must be paid at the time this Water Service Contract is signed and submitted to the District.
4. If the Customer requests that the physical location of the meter be changed in the future, all costs for such relocation shall be paid by the Customer.
5. All 5/8" x 3/4" and 1" meters are installed with a directional flow double check valve in the meter yoke to prevent backflow. This results in a closed system which requires the Customer to make provision for pressure relief in the Customer's plumbing system.
6. The Capital Investment Fee in effect on the day of application or re-application will apply.

### LIEN PROVISION

In the event any user of the tap and meter furnished pursuant to this application, shall neglect, fail or refuse to pay the rates, fees, tolls and charges fixed by the Board of Directors of the District for the connection with and use of the facilities and services of the District, such unpaid rates, fees, tolls, and charges due may be certified by the District to the County Treasurer of the county in which the property is located and shall become a lien upon the real property so served by said tap and meter, and may be collected along with the taxes upon said real property.
