

# We Are All Kentucky

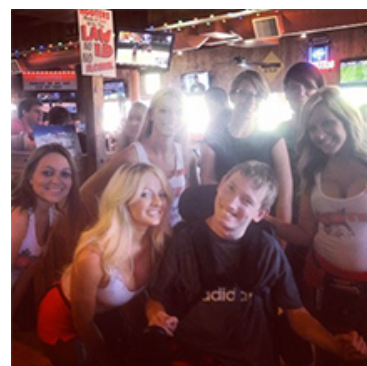

Frankie Huffman

Hello, my name is **Frankie Huffman**. I am a volunteer at Florence Park Care Center, a nursing home in Northern, Kentucky.

I am on the **Michelle P. Waiver** and I attend day services through Community Services of Northern Kentucky. My Michelle P. Waiver services and supports helps me to be more **independent** and to participate in my **community**. I enjoy shopping, fishing, and eating out with friends.

My **goal** for the **future** is to improve non-medical **transportation** for individuals with disabilities by **advocating** for change. In many communities, there is limited affordable non-medical transportation or none at all. Transportation is **important to all** of us when participating in our communities.

**“I have just as much to offer my community as you do!”**
