

I have been a cabin owner here for 32 years. I would like to express appreciation to all individuals who volunteer their services to make our Village a great place to be.

Thanks to Jim, John and Bob who go far beyond council demands by keeping our roads graveled, graded and plowed; removal of dead fall trees preventing major fire hazards; the planting of new trees by the hall and bordering the compound; as well as maintenance of beach and play areas.

Thanks to volunteers past and present who have organized the fish derbies, golf tournaments, potlucks and other special events in the Village.

To Marlana and Michelle whose vision it was to start a very successful 'kids club' during the summer months.

Frances has purchased, planted and tended the flowers at the entrance and the hall. She is always willing to assist in event planning and organizes our hall rentals.

Because of those instrumental in the development of the compound area our green space has been protected. Thanks to John who diligently organizes and oversees the garden plots so we can all enjoy our small attempts at 'sustainable farming' (despite the deer & the moles).

The renovations to our Village hall - new windows, new flooring, sink & taps, addition of a bathroom, water tank and septic tank, as well as a furnace now makes this facility a benefit to all cabin owners.

We tend to take all these people for granted but we need to recognize the importance of their contributions. Thanks to all those who volunteer on committees to establish new & exciting activities at the resort.

It is with my gratitude & hopefully the gratitude of

others that I express appreciation for what all these amazing volunteers do & have done for our Village. This will be a summer considerably different from others due to the cancellation of many events. It is now up to each of us to make unique and enjoyable memories while social distancing and being safe.

Ann Olson
