HILLSIDE'S PREMIUM SERVICES

CONTRACT PACKAGING

We are a fully licensed and accredited FDA regulated facility.
We make marketing your private recipe both safe and legal

Our Contract Packaging Service allows companies big and small to market their own individual products. Whether it is a BBQ sauce that has been passed down for generations or a relish that a restaurant or business just came up with or anything in between, Hillside can make it for you

1. We start with a sample of your product and your ingredient statement and container you want to bottle in.
2. After checking pH and with a copy of your recipe (specific ingredient brands are required), we formulate batch recipe and give you a price per case
3. Research and Development cost for initial run is \$500.00 plus product cost. This does not include labels.
4. We will assist in label regulations and design, ingredient statement and nutritional statement.
5. Hillside does not warehouse any contract product. Marketing is up to you.
6. For new private product and value added customers, a deposit is required before product is made
7. Minimum Batches apply and are based on the product and the process of making the product.
8. Hillside cannot provide storage for finished Products. Products left for more than 14 days will be billed and a storage fee of 2% per week will be charged unless prior arrangements have been made. Product not picked up or paid for after 30 days can be liquidated at our store without prior arrangements

NON DISCLOSURE

Customer has submitted a recipe to Hillside Orchard Farms, Inc. to begin the process of manufacturing a Special Product for sale. The recipe is titled **Customers recipe**. HOF accepts this recipe for consideration. This recipe will not be shared with anyone not associated with the production of the **product** at HOF. The product will only be produced for **Named Customer** or one of his agents.

The only exception to disclosing the recipe will be upon request of a regulatory agency (i.e. Food and Drug Administration or Georgia Department of Agriculture)

This agreement in no way implies a non-compete agreement. HOF is a manufacturer of many private and private label recipes. There is a high probability that HOF already produces or will produce a similar product in the future.

While growing up in the rural areas of Georgia, farming and canning became a way of life for Robert and Patsy Mitcham Sr. During High school, Robert was active in agriculture and Future Farmers of America. He helped run a canning plant at his school and later became an agriculture teacher and ran the local canning plant for Rabun County.

A bumper crop of cucumbers is all it took to start a canning plant and a way of life for the Mitchams. A small jelly kitchen was built in the backyard of the Mitcham's North Georgia home in 1983. It all began with 10 products including; strawberry jam, apple butter and the bread and butter pickles made from that crop of cucumbers. From that small jelly kitchen Hillside Orchard Farms has grown into a major company producing over 600 products that ship all over the United States, The Bahamas, Bermuda, The Caymen Islands, and Canada.

Robert Mitcham Sr

Robert & Patsy Mitcham

Three generations of the Mitcham family now run the operations of Hillside Orchard Farms. We specialize in private labeling of product, contract packaging, value added packaging and all of our products are available for wholesale. Hillside has expanded to include a retail country store where you can buy our products and spend a day at the farm, or visit our mail order store on the web. We also offer Wedding Favors and Corporate Gifts with your name on them.

We currently own our own fleet of trucks and run delivery routes in the Southeast. We reach the rest of the country via outlets such as UPS, Fed Ex and common carriers. In the past year, we have added a honey operation, Store Bakery, and are working on a Distillery

A lot has changed over the years but we still hold on to the values and quality that got us started. We now run a fully modern, fully licensed, FDA and The Georgia Department of Agriculture regulated plant. But, with one taste, you will agree that the homemade goodness is still there. We know your customers will be happy with our products and will return for more again and again. Whether it has your name on it, or ours, the quality is guaranteed.
