• The Book : “The Taiwanese Americans”

Our current efforts are to decide what subjects to be included in this book and start writing each subject in English and Hajji as a chapter of the Book. We would like to limit each chapter to 20 pages, including texts, photos and references. In order to invite T. A. friends to help with this project, we are posting this Book under " Encyclopedia" section on our website with the limited information gathered as a reference point. We are looking for some of you to provide us with information about certain subjects or even write a whole chapter.

The followings are some subjects, which are considering to be included in the Book, but will not limited to these subjects: Please use the links to read the content of each chapter(if any) and give us your suggestions.
