Presents

Using the SATPAC Program and Approach to Remediate Speech Sound Disorders

Presented by 2011 Van Hattum Award Recipient Stephen Sacks, SLP-CCC

This course presents a systematic, effective and efficient way of teaching the remediation of speech sounds incorporating 6 significant elements (Coarticulation, Natural Prosody, Normal Rate, Facilitating Contexts, Use of Non-words and Many Correct Repetitions). Students establish the target sound in a facilitating context, practice it developing a consistent motor pattern and then taking that pattern from simpler to more complex contexts. Finally, the students transfer their newly developed speech sound competence into real phrases, sentences and conversation.

Remediation of speech sounds will focus on the 7 most common error sounds (R, S, K, SH, CH, L and TH) and their cognates when applicable. Participants will be instructed in how to navigate through the SATPAC Program with hands on computer training and will apply this training to commonly observed case studies.

Peer-reviewed studies will be presented and discussed showing how the SATPAC Program and Approach has been shown to remediate speech sounds in approximately ¼ the time using data from SLPs in the NOMS school studies. Each participant will receive a 1-year subscription to the program.

At the conclusion of this workshop, participants will be able to:

- Explain the rationale for and explain how to achieve stabilization of the lips, jaw and tongue
- Identify the 3 phases of the SATPAC Program, what each phase involves and the rationale for each phase
- Develop individualized articulation and phonology disorders treatment plans using the SATPAC approach
- Develop specific treatment programs using case studies

WHEN: Friday, May 20, 2022 - 8:30 am-3:30 pm

WHERE: *Via Zoom* (Make sure to provide an email address so that the link to access the webinar can be sent to you).

COST: \$65 - Webinar (Member); \$120- Non-Member; \$30 -Webinar (Student)

CONTINUING EDUCATION: This course meets the qualifications for 6 hours of continuing professional development credit for SLPs as required by the CA Speech-Language Pathology and Audiology Board Provider PDP 112. *This course **DOES meet** the ASHA requirements for certificate renewal. SATPAC is an approved ASHA Provider and will send directly to the ASHA registry.*

*****THERE IS NO CREDIT GIVEN FOR PARTIAL WORKSHOP ATTENDANCE*****
