PRESIDENT’S MESSAGE—Waskah Whelan

Great Outcomes are born from Great Opportunities...

We have in front of us a unique opportunity to help save our nation and influence greatly the November 2020 election.

Today the public, even from the Blue cities and states, are fed up with the failure of elected leaders to protect the property and citizens of their states. These leaders have done nothing except try to appease the anarchists to get them to stop.

America is just now waking up to realize that this planned and well-funded anarchy is not just a protest...it is a carbon copy of how Marxists and Communists have operated historically around the world. Empty the prisons, abolish the police, destroy the culture of the host county and take power.

Trying to appease groups such as communists, fascists or anarchists never works. It won’t work this time and even Blue State citizens know it.

This then becomes our opportunity to affect a great outcome in the November 2020 election. People are finally paying attention and they don’t like what they see. **What are you going to do about it? (continued next page)**

Continued—PRESIDENT'S MESSAGE—Waskah Whelan

Have you signed up to volunteer? With a candidate? With the Republican Party? With TrumpTalk.gop?

You don't have to take to the streets...you just need to help remind the public of what lies in store for them if they don't elect the Republicans in November. We have a wealth of examples for them to consider. You can accomplish this by making **phone calls** to other Republican voters from now until Election Day and getting their promise to vote.

Success is won by those who believe in winning and then prepare for that moment. Together we can have a great outcome this November!*

Some updates on our Fashion Show. First of all Glamour Girlz has opened its doors again. We sent out an email talking about their opening on July 1st. Hopefully you all received it but if you didn't just let me know and I'll resend it.

Contacted the Bali Hai and while they are still not open for group activities they are working on capacity for their respective rooms. We are looking at other facilities as backup as well as discussing possibly changing the date.

I don't know about you but I'm happy to be out and about again. Had a mani/pedi done on Sunday. Going shopping at Glamour Girlz on the 1st and looking forward to the 4th.

Take care ladies and stay healthy.

EVENTS—BACK THE BLUE!

Navajo Canyon Republican Women!

Now would be a great time to show our San Diego County Police and Sheriff Departments how much we honor and respect them.

It would be much appreciated to have our members write to these law enforcement agencies to let them know how much we appreciate their efforts on our behalf.

Greeting cards, letters, children's pictures are all good things to send. Plus your own creative ideas! The police have been through a lot lately and we want them to know we are thinking of them and stand with them and don't want their budgets cut!

Here is a suggested schedule, so messages of support continue to come in over a period of time. These are just suggestions...you can send messages anytime! Members can send individual messages or send from your family as a whole. Send to as many Police Departments as you wish. Just let them know that the Republican Women support them. Navajo Canyon RWC will send individual cards from our club.

Thank you for your help in support of our law enforcement men and women.

CHAPLAIN—Ginny Wisley

*“For God has not given us a Spirit of timidity but of power, love and discipline”
2 Timothy 1:7*

It is very easy to be timid right now. I know that I am learning the Facebook scroll really well. I just do not have the energy to push out the seams. I am sorry but I do not think silence is a bad thing. My mom taught me “if you can’t say anything nice, don’t say anything at all”, so I do not say anything at all. I just don’t get it. Why does everything have to be a confrontation?

I hate questioning my meaning of my words: did I offended something, someone, some something? It pains me to see statues destroyed (remember the Taliban & the statues in Pakistan?). I wince when a word has double meaning (that at 64 I just found out about).

We need to show love, show kindness and discipline. The Lord is with us everyday & we should use Him as our power & our voice.

This too shall pass (and the sooner the better). Be strong, powerful, caring and knowledgeable women.

Blessings,
Ginny

(PS: I apologize to anyone offended by my quoting of and using the name Lady Antebellum in lieu of Lady A last month)

HELLO PARLER.....GOODBYE TWITTER...NA NA NA NA HEY HEY GOODBYE!

You are most likely aware of how major news media sources such as Twitter, Facebook, Google and Amazon are all discriminating against conservatives through various means of censorship of our values, even in many cases branding our voices as hate speech, or inappropriate language that goes against their so-called “standards.”

We now have an alternative to Twitter with **Parler Free Speech Social Network**. Parler is an unbiased social media focused on real user experiences and engagement. Free expression without violence and no censorship. Content is moderated based off the FCC and the Supreme Court of the United States which enables free expression without violence and a lack of censorship. Parler never shares your personal data.

WORTH LISTENING TO! PODCAST — VERDICT with TED CRUZ

There is a podcast called Verdict with Ted Cruz that has been excellent source of info regarding relevant topics. Take the time and view this particular interview with Ted Cruz and Attorney General Bill Barr.

Attorney General Bill Barr sits down with Senator Ted Cruz and Michael Knowles to reveal the Trump administration’s plans for dealing with the riots afflicting America, lay out what we can expect from the Durham probe into Obama-era corruption, and explain why he was crazy enough to take the job a second time.
