STREET LEGAL OVAL DRAGS - Vehicles must be 100% street legal and plated (no temps or dealer plates) with the registered owner present. Drivers will blind draw for positions in a single-elimination tournament. Coin flip will determine inside/outside starting position. Track has the right to disqualify any vehicle or driver.

PURE STOCK FRONT WHEEL DRIVE DEMO DERBY  
Must be a pure stock front wheel drive with a 4-cylinder engine only. Cars must have stock suspension with all chrome and glass removed.

No special bumpers, reinforcements or trailer hitches. All doors must be fastened shut. Drivers door must be covered on the outside with a minimum 1/8" thick steel plate that encompasses the "A" and "B" pillars. Plate must be a minimum of 12" in height. If the stock gas tank is behind the rear axle, it must be moved and placed inside in front of the rear axle and no farther forward than the rear of the front seat. Radiators must remain in the original position or be removed. Radiator/cooling systems may only contain water. Track has final say on eligibility of car and driver.

TRAILER FIGURE 8 - The towing vehicle must only be a passenger car, minivan or small 2-wheel drive truck with no extra reinforcement allowed. All glass except the front windshield must be removed. All doors must be fastened shut. Drivers door must be covered on the outside with a minimum 1/8" thick steel plate that encompasses the "A" and "B" pillars. Plate must be a minimum of 12" in height. Light duty trailers only. Trailer must have been street legal at one time. No converted pickup box trailers. No campers. No fiberglass boats. Crossover contact is to be with trailers only. The object is to separate the trailer from a vehicle or complete the scheduled laps first. After your trailer has been removed or if the vehicle is excessively damaged and/or dragging parts, you will be black flagged out of the event. Ignoring the black flag will result in immediate ceasing of racing. The track has final say on vehicle eligibility.
