

Improving the health of the people in our communities by  
providing quality, compassionate care to everyone, every time

Dear: \_\_\_\_\_

Welcome to SMG General Surgery Lansing. We encourage you to play an active role in your care by asking questions so informed decisions can be made.

This information packet includes a Comprehensive Health History form. Please complete this form to the best of your ability prior to your appointment. ***We can ensure the best care possible if we have all the information necessary. Please make sure to take your time to fill this out completely!***

Our office hours are Monday – Friday from 8:30 a.m. to 4:30 p.m. Be sure to let us know if you have been seen in our office before so that we can include your previous medical history with your chart.

We work hard to see our patients in a timely fashion. As the physicians in our office are surgeons, sometimes situations occur that make you wait longer than either of us would like. We will see you as soon as possible and provide you with all the necessary time for your exam. We will answer questions and provide you with information to increase your understanding and comfort.
