- Tap classes are an excellent way to incorporate sound and movement. Our program is focused on establishing a strong foundation of rhythm and technique for our recreational and competitive dancers.
- Hip-Hop is a fun activity for any recreational or competitive dancer. The latest style of dance including skills seen on music videos, this course is the popular choice among older students. By becoming comfortable with free-movement, this non-traditional dance style is great for girls or boys of any age
- Acro program is designed to develop balance, strength, coordination, and flexibility in order to take your dancing to the next level. Students will learn a progression of skills and tumbling movements in a safe, and enjoyable atmosphere that can be incorporated into jazz, hip-hop, and contemporary routines
