

THE NEW JERUSALEM

THE COMING GATES OF PARADISE

أبعاد جنة

NEW HEAVEN AND EARTH

The Bible declares that Jesus Christ will return as the conquering Lion of Judah, to set up a 1000 Year Kingdom on Earth following the Battle of Armageddon. At the end of the Millennial Kingdom, the White Throne Judgment of all those that opposed Jesus as LORD YHWH along with Lucifer will be cast into the Lake of Fire for all Eternity. YHWH will make a New Heaven and New Earth. In the book of Revelation, this event is described as the New Jerusalem coming down as 'Heaven' where Jehovah-GOD abides. YHWH will superimpose His Throne on the New Earth. The dimensions describe geometrically a pyramid or square shaped City. Using sacred geometry, both occur in a Tetrahedron. Thus the City will be both in one.

There is a popular theory that the Door to Heaven or Celestial Portal is in the region of Orion. Many civilizations have incorporated at least the geometry in various architecture, buildings and locations of cities. The Ancient Peoples knew of this knowledge. Incredibly, this chart shows an approximation of the dimensions of where the Garden of Eden was to produce some unique attributes when applying this theory.

Paradise was lost due to the Fall of Man in the Garden of Eden or Paradise. Lucifer's lie of gaining immortality through works and 'knowledge' deceived Eve and Adam to sin. Mankind has tried to replicate Eden's dimensions ever sense. The Door to Paradise is now open ONLY through the Blood of the Lamb - Jesus Christ who is GOD and Man, the 2nd Adam sent to pay for sins.

PARADISE RESTORED

The Bible declares that YHWH called Abram from the Land of the Chaldeans. Chaldeans means 'Shining Ones' as in light in reference to the Fallen Angels that were worshipped as 'gods.' Genesis 6 states that they mixed genetically with humans to produce the Titans of old, and later became the Jinn in Islam where we get the word 'Genie.' Such became the disembodied spirit or demons after the Flood of Noah. If one takes Ur as a central fulcrum of a perfect circle, the three main centers of where Paradise was correspond to Orion's 3-Star belt vertically. They are Babylon, Ur and another unidentified spot. Moreover, if the ley-lines are extended horizontally, they match to the Giza 3-Pyramid complex. A hexagram incorporated within the circle functions as a region of high spiritual energy for a portal or door.

The square perimeter of Jerusalem, Mt. Sinai and Giza, in proportion to the circle centered center with Ur in the middle, exactly matches the Dimensions of the coming New Jerusalem. The very city of Ur's Ziggurat temple complex mirrors the 3-Star cluster of Orion. It is at such sacred locations that important structures are continued to be built, in the case of Iraq, military bases, etc. Such places attempt to draw from the energies of the sacred dimensions of the location that once was Paradise.

Giza Pyramids

The Giza Pyramids mirrors the Orion circle center in proportion. The angle of 33° is believed to be where the direction of the Throne of YHWH in Heaven is; in the Celestial 'Sides of the North'.

Ur of the Chaldeans

Home of Abraham, whom the Messiah would come from. Later Abram would be put to the test as a type of how the Father (GOD the Father) was called to sacrifice his willing Son (GOD the SON) - Isaac. This took place on Mt. Moriah, Jerusalem. This foreshadowed how YHWH sacrificed the willing Son on the Cross on Mt. Calvary, an extension of Moriah where Solomon's Temple was to be built, as will be the coming 3rd Temple.

The circumference follows some noticeable geographic cuture lines from Arabia, Iran, Turkey and the Levant.

NEW JERUSALEM - A STAR TETRAHEDRON?

In the Book of Revelation 21, the 'City of God', the *New Jerusalem*, is basically 2 intertwined 3-dimensional pyramids within a square. A *Star Tetrahedron* incorporates a 'square within a square' as well. This would allow for the *Holy of Holies* which is a perfect square to continue to be the Throne Room of the LORD as it is always a *perfect cube*. This was the case with the Tabernacle of Moses, the Temples of Solomon, Zerubbabel after the 70 -Year Diaspora to Babylon, then the coming 3rd Temple that could coincide with the Tetrad of 2014-15. The Bible states that the Throne of YHWH is a perfect Cube that Jesus Christ as King will be enthroned to rule all the Universe in Righteousness and Holiness. The Bible states that only the Followers of the Lamb - Jesus Christ may live and enter there, Paradise restored as it was in the Middle East.

AS ABOVE, SO BELOW

What is astonishing is that the orientation or angle of the New Jerusalem Square-Triangle (Tetrahedron) as it will appear on Earth is exactly in the same layout orientation or direction on the map of where Paradise was in the Middle East. This triangulation comes from the 1. Giza Pyramid, 2. Solomon's Temple and 3. Mt. Sinai in Arabia. Certain prophetic locations like Mt. Ararat where Noah's Ark rested is on the very arch of the circle.

الهندسة المقدسة SACRED GEOMETRY

The very topography of certain areas of the Earth intersect ley-lines that have energies based on the Magnetic Sphere around the Earth. It is speculated that at certain times and places, a convergence of dimensions can be interposed. It is no accident where the Great Pyramid of Giza was constructed or where the Tower of Babel was attempted to be erected. Spiritually speaking, wherever you have sacred geometry, circles and hexagrams, you have a 'door' or portal to the spiritual realm. The Bible declares that the coming Throne of The Lamb, Jesus Christ will be situated in Jerusalem to rule alone the Universe and with those that follow Him wherever He goes.
