ABOUT CLEVERMAX:

Born in the heartland of Kansas. Raised on cheerios, rock and roll, KY-102, and 61 Country. We have spun phonographs, plugged in 8 track tapes, and popped in cassettes, all while watching our TV's go from 13" Black and White screens to 85" High Definition. We've entertained hippies, cowboys, baby boomers, millennials, the Me generation, and everyone in between.

Our love is great music, and our passion is playing it. Our belief is music has no genre. Clevermax was started by high school best buddies, Dave Bailey and Larry Burkdoll back in the early 1980's. They rocked "hangar parties" where the local kids would come from miles around to hear the band. As the years went by and life began to happen, Clevermax took a backseat to wives, kids, and families. However, a resurrection was always in the works and Clevermax came back to life several times over the next 30 years with occasional appearances in eastern Kansas.

Finally, after decades of being on hiatus, Clevermax is back and running at 100% capacity rocking the stage like never before. Folks that have followed the band from its inception say this version of Clevermax is the best EVER!
