

Dear Parents,

The 4th grade team is excited to welcome your child to 4th grade! Attached you will find the reading and math summer homework. It is a Pinellas Preparatory Academy expectation that all students complete their summer homework by the first day of school. Please see the directions below for each of the assignments.

Reading Summer Homework:

This summer your child will be reading the book *Hoot* by Carl Hiaassen. Attached you will find a novel study reflection packet for your child to work on as they read. This packet is broken up into seven sections. It is suggested that your child read the chapters for each section and then complete the reflection questions. For example, your child should read chapters 1-3 and then complete the two reflection pages on chapters 1-3. All sections of this packet must be complete. This assignment will be due on the first day of school and will be counted as a grade.

Math Summer Homework:

Attached you will find a 30-day math review packet. This packet asks students to practice math skills that were taught to them throughout third grade. Every three days the students are asked to practice doing a timed multiplication or division fact test. Students should be using flash cards, online games, and other available tools to memorize their multiplication facts. Please find some resources listed below:

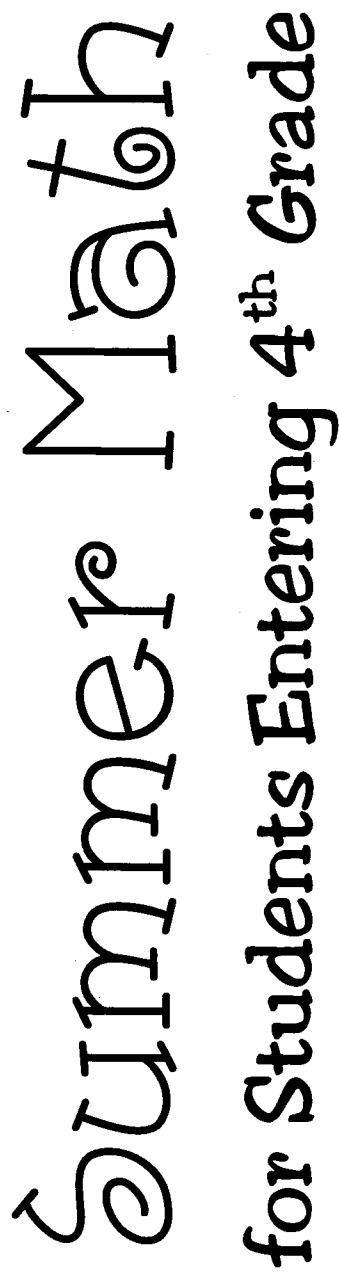

- Multiplication Flash Cards- These can be purchased for a dollar at the Dollar Store, Target, and Walmart.

-Websites: www.multiplication.com - offers free games for students to practice.

www.timestables.com - offers free games for students to practice.

www.mathgames.com -this site offers multiplication games and may be compatible with tablets and phones.

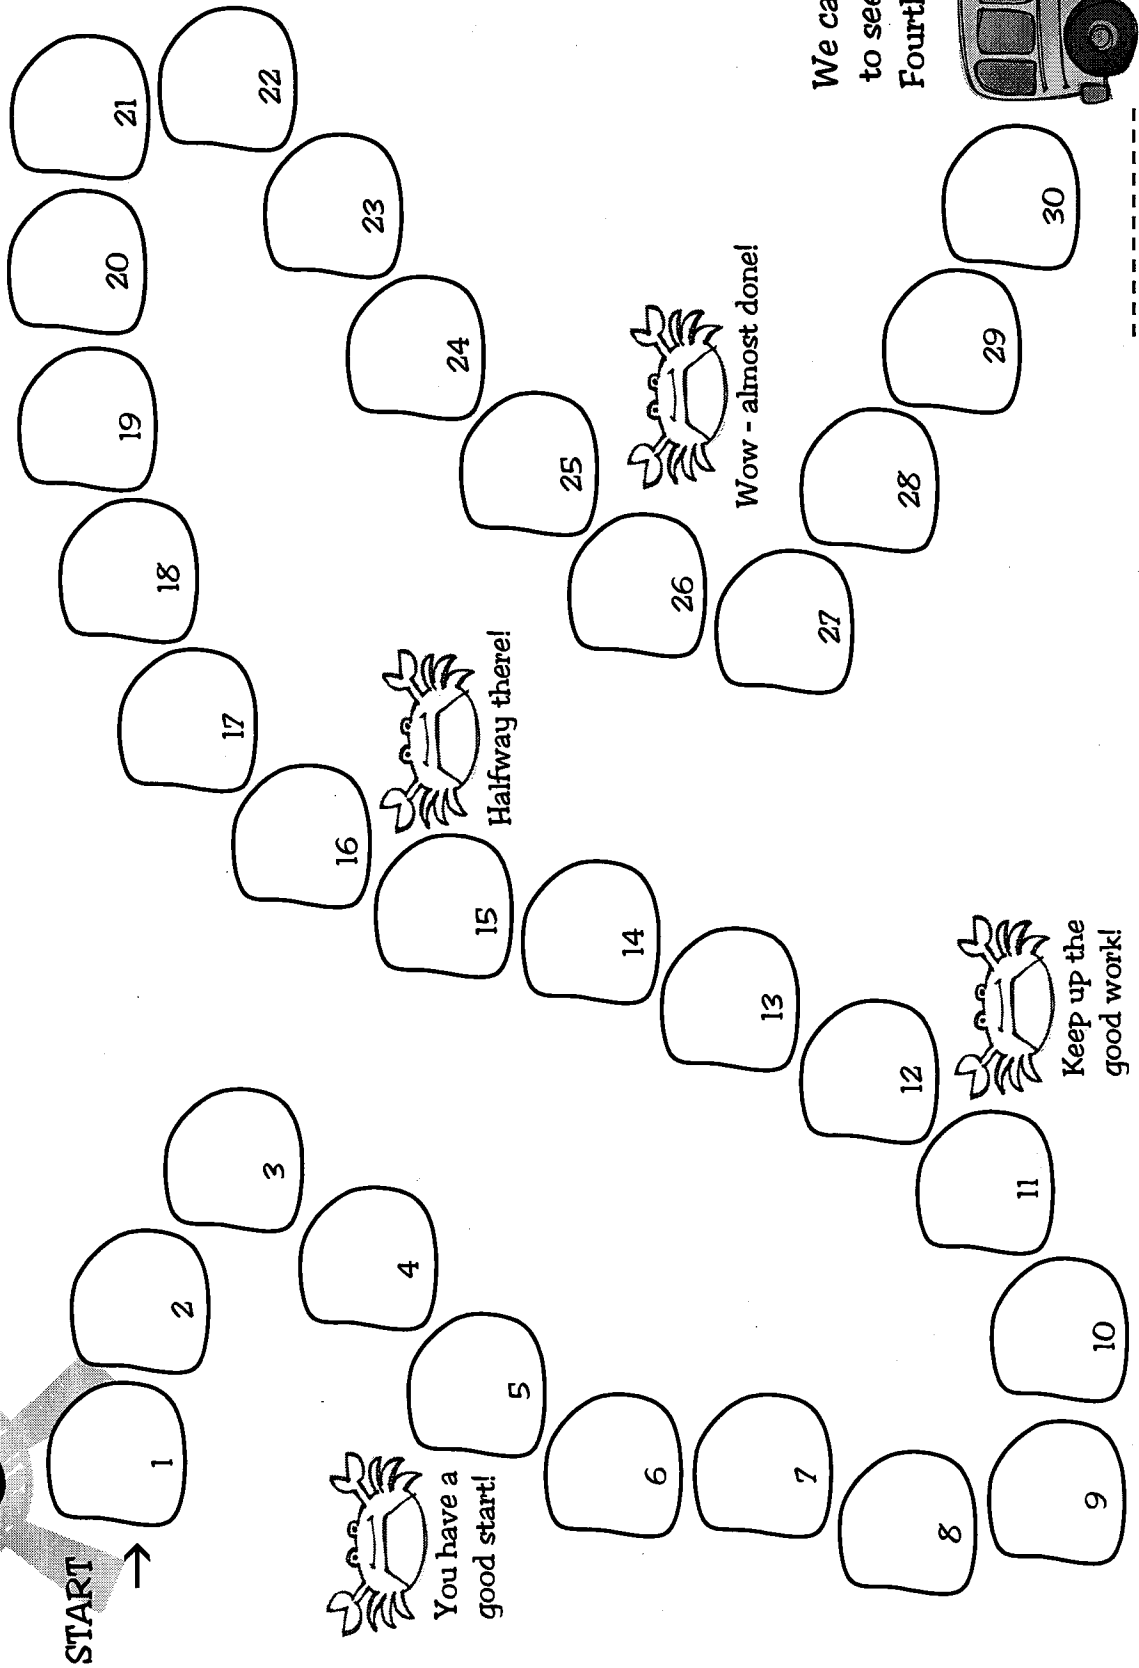

It is the 4th grade expectation that students enter the school year knowing all their multiplication facts. Students will be given a timed multiplication quiz the first week of school that will be graded. The 4th grade summer math packet is due on the first day of school.

Name

You're on your way to Fourth Grade.

Color one step along the path for each day that you complete.

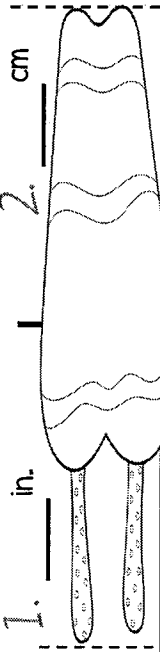

We Scream for Ice Cream

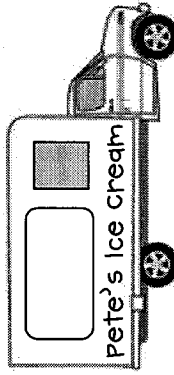

Day

1

Measure the popsicle to the nearest $\frac{1}{2}$ inch and centimeter.

4. Mandy put 2 big spoons of sprinkles on her ice cream. If each spoon holds 175 sprinkles, how many sprinkles did Mandy use in all?

5. Mr. Pete ordered 120 Klondike® bars for his ice cream truck. He sold 42 of the bars last week. How many bars does he have left?

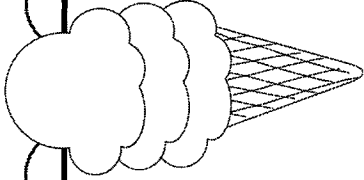

_____ bars

Score

5

3. Jessi ordered 3 scoops. Each scoop is the same size.

- Color $\frac{1}{3}$ chocolate.
- Color $\frac{1}{3}$ strawberry.
- Color $\frac{1}{3}$ vanilla.

At the Playground

Day

28

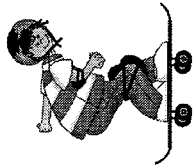

1. Name one thing at the playground that is shorter than a meter.

4. Aubrey uses sidewalk chalk to make a design. If the square shows halves, color it orange. If fourths, color purple. If thirds, color blue.

2. Name one thing at the playground that is longer than a meter.

3. Nine boys on skateboards. Each skateboard has 4 wheels. How many wheels in all? Write the equation.

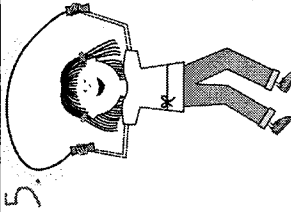

_____ wheels

Score

5

5. Maya is skipping rope while counting by 6s! Help her count.

6 12 _____

Under the Sea

Day

29

1. Use $<$, $>$, or $=$.

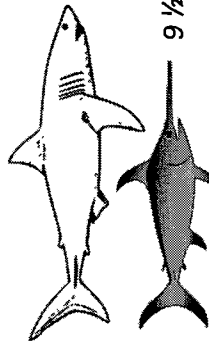

865 fish 856 fish

2. Start with the lesser number. Add 125, then subtract 699. What number?

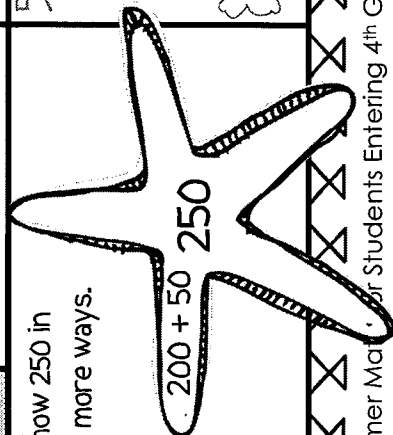

16 $\frac{1}{2}$ feet 9 $\frac{1}{2}$ feet

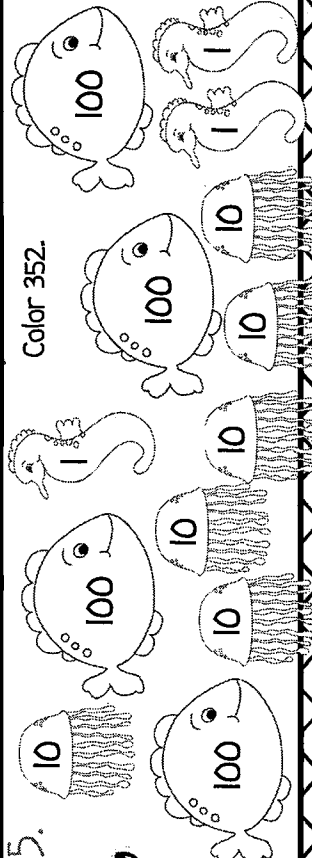

4. Show 250 in 4 more ways.

200 + 50 250

- 5.

Color 352.
