

GREEN LIGHT INTERNATIONAL INC

Introduction to Green Light International, Inc.

Established in 2014, Green Light International, Inc. is a 501(c)(3) charitable organization which was formed to support the Green Light Seeds After-School Program, a program founded in 2009 by Hsin Chu I-Link Community Care Association (新竹縣愛鄰社區關懷協會) in Hsin Chu County, Taiwan.

The Green Light Seeds After-School Program provides free after-school tutoring and spiritual support to elementary school children who come from low income families in countryside Taiwan. Parents from poor families typically lack proper educational resources for their children, and their children often fail classes in school. Without proper academic help and spiritual support, these children may not be able to overcome many difficulties before them.

Studies indicate that the income gap between the rich and the poor in Taiwan has widened in recent years and consequently, the number of children in need of after-school tutoring has increased. Despite the growth of Green Light classes, the demand for new classes continues to rise; many principals from local schools have asked the Hsin Chu I-Link Association to facilitate more classes to help students in need. As a result, the Association envisions expanding its operations to meet the demand and hopes to gather more resources in furtherance of this vision.

Green Light International, Inc. sincerely hopes that friends and relatives in the United States will support Green Light Seeds After-School Program through donations made via Green Light International, Inc.
