

Board of Selectmen's Meeting Minutes November 8, 2011; 6:00 P.M.

Board Members Present: Arthur D. Triglione, Sr., Chairman; Robert F. Woodward, Vice-Chairman;
Douglas A. Taft; Paul E. Hoyt, Bernard N. King, Jr.

1. Call to Order

Chairman Triglione called the meeting to order at 6:01 P.M.

2. Public Hearing – None.

3. Public Comments - Non-Agenda Items

Police Chief Schofield stated that the Police Department was applying for \$5,000.00 grant to target impaired driving during the month of December. The grant is a matching in kind grant (vehicles, gas, etc. is considered in kind). **Motion** was made by Selectman Taft to approve the Police Department application for the grant; 2nd by Selectman King. 5 approve/0 oppose

Police Chief Schofield also stated that Officer Jones, who has done all of the work with Special Olympics, had his name submitted to be one of four officers to go to Calgary, Alberta to represent the State of Maine and the Town of Bridgton at the International Conference for Special Olympics.

Selectman King commended the Police Department for the involvement with the recent drug bust.

4. Presentations and Discussions

a. Updates from Lee Eastman, President Bridgton Economic Development Corporation and review of the Proposed Memorandum of Understanding and Update

Mr. Eastman, Patrick "Skip" Sullivan and Holly Dvorak made a presentation to the Board (See **ATTACHMENT #1** and **ATTACHMENT #2**).

Mr. Cash stated that in the last six months several businesses have shut down because the rents for the buildings are too high. Will the Economic Development Committee have input between the landlords and tenants? Mr. Eastman replied that in the future there may be some negotiations. Vice Chairman Woodward also mentioned that there may be some programs for businesses to help and inform them.

Memorandum of Understanding

Selectman Hoyt asked, under Section III, Item 2. is twelve hours a week too much for the Economic Development Director's schedule. Mr. Eastman replied that unless there was a special project he does not foresee using Economic Development Director. This sentiment was also stressed by Ms. Dvorak as well. Vice Chairman Woodward suggested eliminating "up to twelve hours per week of". All parties concurred.

Selectman Hoyt also asked if the term legal counsel meant the Town's Attorney or the Economic Development Corporation's Attorney. Town Manager Berkowitz replied that the Town's Attorney can not represent both parties, the Economic and Community Development Director, as a representative of the Town, may come to a situation where they may have to have something clarified and this statement allows that, but the Economic Development Corporation must have their own counsel do the same. Ms. Dvorak suggested changing "as requested by the BEDC" to "as requested by the ECDD". All parties concurred with that change.

Board of Selectmen's Meeting Minutes November 8, 2011; 6:00 P.M.

4. Presentations and Discussions CONTINUED

a. Updates from Lee Eastman, President Bridgton Economic Development Corporation and review of the Proposed Memorandum of Understanding and Update CONTINUED

Selectman Hoyt stated that he thought 501C3 corporation meetings were open to the public; he questioned why the Corporation's meetings were not open to the public. Mr. Eastman stated that it depended on how the by-laws are set up. The Economic Development Corporation was set up to be a private corporation because of confidentiality reasons (start up possibilities, trademark, etc.).

Selectman Hoyt, under Section III, Article 4. asked how and who is going to track the grant funds if everything is confidential. Ms. Dvorak replied that the Board of Selectmen will receive quarterly and annual reports.

Selectman Hoyt, Under Section III, Article 6. asked for an explanation of the article. Town Manager Berkowitz stated that this language was changed to protect not only the Town, the Economic and Community Development Director and the Economic Development Corporation in the case of a lawsuit.

Selectman King asked, Section IV, Article 1. for clarification. Town Manager Berkowitz stated that the Economic and Community Development Director's time is to be considered as "in kind" services.

Selectman Taft asked the Town Manager to read the changes and explain them. **Motion** to approve the Memorandum of Understanding as amended and upon satisfactory approval the Chairman of the Board of Selectmen is to execute the necessary documents was made by Selectman Taft; 2nd by Selectman Hoyt.

4 approve/0 oppose/1 abstention (*Vice Chairman Woodward abstained as he is a member of the Economic Development Corporation*)

b. Review of the Position Description for the Fire Inspector

Selectman Hoyt stated that he did not recall discussion about a fire inspector. Chairman Triglione concurred with Selectman Hoyt's statement. Vice Chairman Woodward asked if the position was a new position or hired from within. The response was that it was to be a new position. Town Manager Berkowitz stated that during the budget development process for fiscal year 2011/2012, under salary and compensation \$6,656.00 was budgeted for the fire inspector position.

Fire Chief Glen Garland spoke about what the role of the fire inspector would be. He stated that it would not be a duplication of service because the Code Enforcement Officer does his inspection one time only, the fire inspector would be doing the inspections annually for all commercial and multi-unit residential structures having three or more living units to ensure that all fire codes are being maintained and have not been removed, blocked, etc. Fire Chief Garland stated that the inspections are necessary for the protection of the firefighters and occupants and the State Fire Marshall's Office is being limited by budgetary requirements at the State level (layoffs, forced retirements, etc.). The fire inspector position would be advantageous because through the inspection process a layout of the structure would be obtained for fire fighting tactics.

Selectman Taft asked if the financing of the position would be billed to the insurance companies as they are the ones requesting the information, based on discussions held at a prior time. Fire Chief Garland stated that other than copies of the incidents as they have happened, most of the discussion centered on pellet/wood stove inspections in residences. These are not part of the fire inspector's position. Selectman Taft stated if the fire inspector is completing and creating correspondence, maintain case files, etc., when he believed the Public Safety Administrator had been hired to do that job. Fire Chief Garland stated that the Public Safety Administrator will work with the fire inspector.

b. Review of the Position Description for the Fire Inspector CONTINUED

Selectmen King asked if the salary was included in the payroll line would it be separated. Town Manager Berkowitz stated that it would be an individual pay line. Selectmen King stated that he remembered that there was some discussion on the position. Ray Turner confirmed that there was discussion and it was a necessary position but it would be 100% reimbursed, which meant increasing the cost of reports and inspections.

Vice Chairman Woodward stated that means that the qualifying properties must have inspections at \$X.XX and a penalty if they do not. Town Manager Berkowitz stated that we do not want to do the jobs of the insurance companies and that what Selectman Taft is talking about is putting an ordinance in place to charge the fees and maintain safety of the public. Lisa Ackley asked if it was an ordinance that the Board of Selectmen enact or would it be voted on at an election. Town Manager Berkowitz was unclear about the answer to the question and would have to check.

Mr. Cash asked if the position was to be hired from the outside or will it be hired from within. Fire Chief Garland stated that he wants to advertise, screen and do interviews for the position. Mr. Cash asked if the person hired is presently on the Fire Department would he be paid his on call rate as well as the inspector rate. Fire Chief Garland responded that the "jobs" are separate. Mr. Cash then asked if the fire inspector will be paid salary or only when they work as the inspector. Fire Chief Garland stated that they would be paid only for the hours worked. Mr. Cash asked what the legality of walking in to do an inspection. Mr. Garland stated that Maine State Law allows that process during reasonable hours.

Vice Chairman Woodward stated that he has heard from a number of different sources that there are a number of places with safety issues, and he believes that this is a worthwhile position, however has questions about the revenue side. Town Manager Berkowitz stated that the goal to capture dollars is a good one, but the primary goal is to ensure the health and safety of the occupants. Selectman Taft stated that the Board was not questioning the health and safety of the community; however, there are a few things that need clarification. He believes reimbursement is a key issue and if that entails an ordinance then the Board needs to work on getting one set up. Also, Selectman Taft feels that the hourly rate of \$15.00 per hour is not an appropriate one as there are other qualified employees, namely the part time police officers, who work nights, weekends, holidays, etc. and are put in dangerous positions that do not make anywhere near this hourly rate.

Further discussion ensued about the rate of pay for the on call fire fighting, fire fighting training, the number of inspections per year and who does the inspections now, and the number of inspections. Fire Chief Garland mentioned that the fire suppression committee is attempting to put together an ordinance for fire suppression and a fee schedule could be added to that ordinance.

Motion was made by Vice Chairman Woodward to approve the job description; 2nd by Selectman Hoyt.
5 approve/0 oppose

There will be further discussion about compensation after the fire chief does a salary survey and further discussion would be held about the expenses as well.

c. Discussion of the Type of Sewer Division Structure and Organization the Town Wants to Implement
The Board of Selectmen reviewed its options on the Sewer Division Structure and Organization. Vice Chairman Woodward and Selectman Hoyt feel that option 3 is the best choice for the Town currently. Mr. Ray Turner stated that the Sewer Committee has been charged by the Economic Development Committee to forecast the future needs of the sewer system. Mr. Turner stated that with the addition of two more members the Sewer Committee hopes to be able to report that information to the Economic Development Committee as well as the Comprehensive Plan Committee. Town Manager Berkowitz and the Board of Selectmen commended the Sewer Committee for the work they have done. Selectman Taft presented an idea from a citizen who asked if it was possible to run a pipe to Main St. and connect it to the sewer system. Town Manager Berkowitz stated that there are options but some are cumbersome. Connecting it to Main Hill will require laying pipes across the brook and adding a pump station. Another option would be to connect at Bacon St. or create a leach field out back. A third option would be to lay pipes down Kennard St. and connect to the existing pipes on Wayside Ave. One or all of the options would require force mains to get it there. There was further discussion about the bath house. **Motion** was made by Selectman King to keep the current structure and organization for the Sewer System; 2nd by Vice Chairman Woodward. 5 approve/0 oppose

5. Approval of Minutes – October 25, 2011

Motion was made by Selectman Taft for approval of the minutes from the October 25, 2011 Board Meeting; 2nd from Selectman King. 5 approve/0 oppose

6. Correspondence and Other Pertinent Information – None.

7. Town Manager's Report

Town Manager Berkowitz reported the following:

Financial Report: As of the close of the business day on October 31, 2011 the Town had received 40% of its projected revenues excluding taxes and had expended about 37% of its budget. This is against the benchmark of 33%. The key elements contributing to the expenditures to date included the County Tax paid at 100%, Long term debt payment at 50%, Insurances at 57%, outside agency payouts at 79% and the capital account expenditures at 46%. If we continue to have freak early winter storms this could affect the November expenditures to date report otherwise I expect we will be closer to the benchmark as of December 1, 2011.

Personnel Changes: As of October 29, 2011, the Town of Bridgton Public Works Department hired Mr. Everett McAbe for the position vacancy in the Parks Department. Everett is a Bridgton resident with his Class B license as well as the state arborist license. Those licenses coupled with his equipment operations experience will be an added value to the Department and the services they continually provide.

Fuel Assistance: It was reported late last week that the Federal Fuel Assistance provided to the State of Maine would likely be cut by as much as 50%. If this occurs there are several possible consequences that we expect.

- Fewer people will actually be served exposing them to a greater General Assistance need.
- We expect a greater number of people will still need fuel assistance due to unemployment in this area.
- The current budget under GA for fuel assistance, \$6,700 is likely to quadruple to as much as \$25,000 if the is not congressional intervention.
- We expect a similar impact to our GA Utility line item which is currently \$2,100.
- Some people will go without exposing them to severe winter conditions that may also impact their health and well being.

Status of the North High Street Property: The key parties have yet to resolve the issues by the deadline of October 31 and we have now turned this over to the Town's Attorney who will advise us how to proceed with the notifications to demolish the structure and the placement of liens. Rob has also notified the owner's legal representative to inform him of that. Perhaps this may motivate the Bank to move forward.

CDBG Amended MOU: We have been successful in our discussions with the County regarding the annual CDBG set aside that Bridgton has been receiving. The Municipal Oversight Committee is prepared to amend our MOU at their next meeting, November 16, to continue this provision for another five years and again re-evaluate how Bridgton has utilized these funds before extending it again in 2017. We are asking that you authorize the Town Manager to execute the amended MOU on behalf of the Town once the vote is taken.

7. Town Manager's Report CONTINUED

Inflow and Infiltration Sewer Work: The I & I work on the downtown sewer connections is now underway. As part of the recommendations, the Town is now inspecting each property connection to assure only effluent is entering the system. We are pumping each site and making the inspections both in the structures as well as the septic tanks. Any remediation work will be part of the 30 day notice to the respective property owner to complete per the Sewer Ordinance. We expect to reduce the amount of non-effluent water from entering the system dramatically leaving a greater amount of capacity to support future downtown development. The inspection work is intended to be completed in the next two weeks. All property owners have been notified and have been extremely cooperative.

Election Signage: As we did in the last election, we again faced the tough question of when should political signage be at least 250' from the election polls. We conferred with MMA and asked they do further research and found conflicting information that they have clarified. Up to now on the day of elections we have asked that such signs across the street from the Old Town Hall be removed. However MMA has given us a verbal response which indicates that "public property does not include a private property that has a public easement over it. Therefore the signage can remain on the private property even though it is within the prescribed set back of 250' ". We are going to review the most recent sign ordinance to determine if our language complies with this understanding and report this to the Select Board.

Veteran's Day Ceremonies: The annual Veteran's Day ceremonies will take place this Friday, November 11 at 11 AM at the Veteran's Monument near the Magic Lantern Theater. Depot Street will be blocked off from Main Street for about 45 minutes though people may access all of the businesses and parking area from the other end of Depot Street at Pondicherry Square.

Respectfully Submitted,
Mitchell Berkowitz
Town Manager

Motion was made by Vice Chairman Woodward to authorize the Town Manager to sign any necessary documents in regard to the CDBG Memorandum of Understanding; 2nd by Selectman Hoyt. 5 approve/0 oppose

8. Old Business

Mr. Jones asked the Board of Selectmen to continue the tabling of the Fire Works Ordinance it was not on the agenda for this meeting as it was stated in the motion from October 11, 2011. The Board suggested that Mr. Jones and Fire Chief Garland meet to discuss the issue. Fire Chief Garland stated he would have a memorandum for the Board of Selectmen's next agenda. **Motion** was made by Selectman Hoyt to table this agenda item until their next meeting (November 22, 2011); 2nd by Selectman Taft. 5 approve/0 oppose

9. SAD #61

a. Review Selection Procedures to fill Director Vacancy

Town Manager Berkowitz asked the Board of Selectmen how they wished to proceed with the appointments. Selectman Taft indicated that the resumes should stand on their own merit and suggested that the Board appoint one of the two applicants. The Board concurred. **Motion** was made by Selectman Hoyt to appoint Trina Sanborn to the SAD #61 Board of Directors until June of 2012; 2nd by Vice Chairman Woodward. Vice Chairman Woodward feels that Ms. Sanborn would be a good advocate for the children.

3. Consent Agreement – David Randall

Town Manager Berkowitz stated that the Board of Selectmen had been meeting in executive session in dealing with a violation of the Subdivision Ordinance. As a result of the negotiations a consent agreement will be filed with the Court known as an "80K Action". The Randall's have limited use of the property until 2015; there is limited use to a single dock, a penalty in the amount of \$1,000.00 civil penalty plus \$3,500.00 in attorney fees. The agreement for payment was \$1,000.00 by bank check, upon the Court's approval \$1,000.00, no later than June 30th, 2012 a payment of \$500.00 with the balance of \$2,000.00 by July 31st, 2012. If there is a failure to meet any of the payment dates there is a penalty fee of \$100.00 per day for every day that the violation exists. Chairman Triglione stated that the restrictions run with the property and not the owner. **Motion** was made by Selectman King for approval 10.a.3 and authorizes the Town Manager to continue to sign the necessary documents as the Court goes forward; 2nd from Vice Chairman Woodward. 5 approve/0 oppose

BEDC – *Bringing Business to Bridgton*

Goal Today

To update the Select Board and the people of Bridgton on the activities to date for the Bridgton Economic Development Corporation (BEDC)
A Private Maine Based 501(c)3 Corporation.

The Bridgton Economic Development Corporation - formed February 2011 with the mission to:

- To encourage, stimulate and advance sustainable local economic development, expansion and diversification within the Town of Bridgton, Maine.
- To lessen the burden of government by creating a larger tax base, fostering community reinvestment, supporting the retention and expansion of existing businesses, attraction of sustainable and innovative enterprise, alleviating unemployment, and promoting social welfare for the benefit of all residents of the area served by the Corporation.

Planned Activities of the Corporation

As Defined on Tax Exempt Corporation Application

1. New Company “Incubator Site” Development
2. Attraction of Sustainable Enterprise & Career Opportunities
3. Affordable Housing Development
4. Educational-Economic Development Partnership
5. Downtown Riverfront Development

Why the New Corporation

- Established to be a 501(c)3 Corporation
- As such – a Private Corporation able to apply for funds that a municipal entity may not be eligible for.

Background

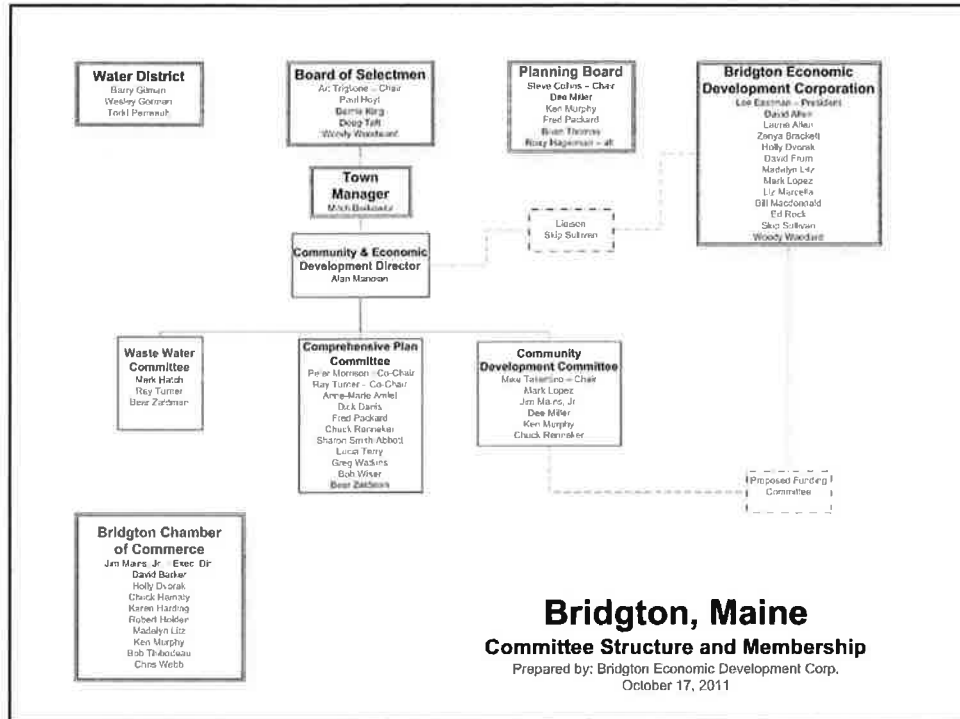

- Formation Meeting – February 1, 2011
- **Not** an extension of Economic Development Committee – only 2 of 12 members came from BEDCommittee
- Normal Startup concerns
- Needed time as corporation to build a foundation
- Behind us now – Ready to go to work
