

**SECTION III: CHARTER AMENDMENTS, GENERAL BYLAWS and ACCEPTANCE of  
STATUTES ARTICLES**

(Requested by the Historical Commission)

**ARTICLE 31:** Plastic Ban Bylaw Amendment. To see if the Town will vote to amend the General Bylaws by adding a Section to Article VII of the General Bylaws as follows:

Polystyrene Reduction Bylaw

Section 1. Purpose and Intent

The use and disposal of polystyrene has significant impacts on our town and our environment, including but not limited to:

1. harm to marine and terrestrial animals through ingestion
2. pollution and degradation of the terrestrial and coastal environment
3. human exposure to styrene, which is derived from benzene and used in the manufacture of polystyrene. Occupational studies have shown risks for leukemia and lymphoma, and genetic damage to white blood cells. Styrene is “reasonably anticipated to be a human carcinogen” (US Department of Health and Human Services, 2016)
4. disposal burdens of difficult to recycle plastics for solid waste collection and recycling facilities

With the goal of protecting the health of its citizens and the unique natural beauty and irreplaceable natural resources of the Town of Wellfleet, and given that inexpensive, safe alternatives to polystyrene are easily obtained, the Town will phase out the use of certain polystyrene plastics by June 1, 2018.

Section 2. Definitions

It bears the recycling number 6.

“Food Establishments” shall mean any operations, including, without limitation, food trucks, schools, farmers markets and other public venues that store, prepare, package, serve, vend or otherwise provide food for human consumption. 2. Prepackaged meat and produce trays, egg cartons, and other food or beverage products bought from a wholesaler or out of town supplier
