TheRide Your Way: Continuing to Improve the Ways You Connect

Matt Carpenter
CEO, TheRide

Hello, I'm Matt Carpenter, TheRide's new CEO. It is a pleasure to be serving such a great community and to be a member of TheRide's exceptional team. I bring with me over 15 years of professional experience in the transit industry, including eight as the CEO of Strathcona County Transit in Sherwood Park, Alberta, Canada. While I'm proud of the work I contributed there, it's good to be back in Michigan. Previously, I worked for the Southeast Michigan Council of Governments (SEMCOG) in Detroit, and I hold a Master's degree in Urban Planning from the University of Michigan. I've helped communities plan and implement major transit improvements; such as bus network expansions, paratransit reforms, rapid transit studies, and double-decker buses. I believe that providing exceptional customer service, being reliable stewards of the public trust, and working together as a team are essential in achieving goals and effectively serving our community.

Last August, TheRide began implementing its Five-Year Transit Improvement Program (FYTIP), and this August, those efforts will continue to provide you with more ways to connect with jobs, schools, medical appointments, shopping, and each other. You will soon be able to try our later weekend service on 17 routes, new Sunday service in Ypsilanti on three routes, and a brand new route; 67 Platt–Michigan Avenue, which connects riders with Meijer on Carpenter Rd. and Walmart in Saline. Our A-Ride service for seniors and persons with disabilities will have later service on weekends and our NightRide service will see changes to its service hours.

As we continue to provide new and expanded service to the urban core of Washtenaw County, we are also making plans to improve the Ypsilanti Transit Center (YTC). The YTC currently serves more than 3,000 riders on an average weekday. Working with the City of Ypsilanti, Eastern Michigan University and other community leaders, TheRide will be working to improve the experience at the YTC and will be taking into account accessibility, rider amenities/comfort, sign/technology improvements, and environmental improvements.

In order to get all these new services on the street and to continue providing safe, reliable service, we have ordered 18 new buses. Starting this month, you'll begin to see a new bus design emerge, which is a reflection of TheRide's commitment to adapt to the evolving and growing needs of our vibrant community.

Thank you for welcoming me, I'm proud to have been selected to be a part of the exciting work being done here. I'm looking forward to focusing my passion for transit and the greater Ann Arbor and Ypsilanti areas as I begin my work with a team that is dedicated towards providing reliable and accessible transportation options for each of you each day.

Sincerely,
Matt Carpenter
CEO, TheRide

Service Update on Bikeshare:
The Clean Energy Coalition re-launched ArborBike, a community bike-sharing program. There are 13 stations in downtown Ann Arbor and the University of Michigan campus areas. HOW TO RIDE

The Ann Arbor Area Transportation Authority offers these tips and guidelines for making your bus ride safer, easier and more enjoyable:

- Allow yourself enough time when going to work or an appointment. Catch an earlier bus, if needed.
- Arrive at the bus stop 5 minutes early.
- Wait at the bus shelter or bus stop sign. If there is ice or snow at the bus stop, wait at the nearest area that has been cleared, such as a driveway.
- Before boarding, check the route number and destination displayed on the outside of the bus. On some streets, more than one route may be running, so be sure to check the bus, or ask the driver.
- When waiting at a bus stop that is served by more than one route, signal to the driver that you want that route by making eye contact with the driver or raising an arm without waving.
- If you do not want a particular bus, step back and wave the bus on so that the driver can proceed without stopping.
- Have your fare, pass, or identification card ready when you board. Show your reduced fare card BEFORE paying your fare.
- Use U.S. currency only, or TheRide tokens; $1, $2, $5 and $10 bills or coins are accepted. Change cards will be issued for change amounts of 25 cents or more.
- Board at the front door.
- All TheRide buses are low-floor, accessible vehicles, meaning that there are no steps to climb and the bus has a ramp. TheRide buses can “kneel” down to lower your step. If you need to use any of these aids, ask the driver for assistance.
- Transfers are free; ask the driver for a transfer when boarding.
- Use the pull cord along the windows to signal that you want to stop at the next bus stop.
- Wait until the bus comes to a complete stop.
- Exit from the rear door.

RIDING POLICIES

Visit **TheRide.org/HowtoRide** for more riding policies.

- No eating, drinking or smoking of any kind while riding the bus or waiting in bus shelters.
- No radio playing, cell phone speaker or two-way radio use is allowed.
- Use your inside voice during your conversations.
- Refrain from using profanity.
- Use your earphones when listening to music.
- If you are traveling with a child in a stroller, the stroller must be folded before boarding unless the designated stroller area is available. Wheelchair securement locations may not be used for strollers.
- For the safety of your child, when traveling on a bus with no designated stroller area, please remove your child from the stroller and fold the stroller. For the safety of all passengers, please keep your stroller out of the aisle of the bus in order to avoid any tripping hazards.
- Bicycles that are high enough to obstruct the view of the bus operator, recumbent bicycles, motorized bicycles, tandem bicycles, or bicycle tires that will not fit into the rack cannot be accepted on the bus. Please remove all loose items not attached to your bike (i.e. bags on handle bars, bottles, helmets, etc.) and take them with you onto the bus. When loading your bicycle, please first use the available rack position closet to the bus.
- Expired A-Ride or Fare Deal cards may not be used to receive a reduced fare.
- Priority seating for seniors and persons with disabilities is located near the front of the bus. When necessary the driver will ask other riders to vacate these designated seats.
- Properly leashed or harnessed service animals are permitted. No animals or birds other than domesticated pets are allowed. Pets must be secured in closed containers and held in your lap.
- Personal Care Attendants (PCAs) must board and exit the bus with the eligible A-Ride card holder in order to ride free. Abuse of this can result in the loss of PCA eligibility.
- Personal items may not displace other riders, block doors, or the aisle and must be kept on your lap or at your feet. Remember to take your personal items with you when you exit the bus.
- Possession of any hazardous material or items is prohibited on the bus (e.g. gas containers, car batteries, etc).

READING ROUTE MAPS & SCHEDULES

Route maps show the streets that a bus will travel as it completes a single route (along with select cross streets and points of interest). Timetables show the times when buses depart from major stops along a route.

1 Find the schedule for the route, day of the week and the direction you plan to travel. These items will be shown on the sign on the front of the bus: route number, route name, and direction of travel.

2

Find the timepoints nearest to your origin and destination. These are places along the route where a bus will not depart the stop before the time shown in the schedule. Timepoints are always shown on the route map, but your stop may fall between a set of timepoints and may not be shown. If your stop is not listed as a timepoint, estimate its departure time by placing it between the two timepoints which surround it.

MONDAY - FRIDAY

8B		8:03	8:08	8:12	8:18	8:21	—	8:30

3 Determine which variation of the route you will need to use. Variations are parts of the route which use different streets. Be sure you know which variation you need or you could end up in the wrong neighborhood! Variations are shown in the first column of the schedule as letters. These letters will also be shown on the sign on the front of the bus. The variations of the route shown above are '8A' and '8B'. 8A returns to the Blake Transit Center using Pauline Blvd. and 8B returns using Liberty St.

4 To see the times when buses will depart from a specific timepoint, read downward in a column. Rows (read from left to right) show when a particular bus reaches different timepoints as it travels the route. To plan a trip, start at the column of the timepoint nearest to your destination. Choose a time in that column for when you'd like to reach your destination. Read back across the times in that row (from right to left) to the column of the timepoint nearest to your trip origin. This is the time when you need to be at the stop to board the bus. If a dash is shown, the bus does not serve the area of that timepoint.

READING ROUTE MAPS & SCHEDULES

Use the System Map (the full-color map which folds out from the center of the Ride Guide) to locate the route which travels closest to your trip origin and destination.

A Bus **routes** are shown as colored lines. More than one route may travel along a street.

B Every route is designated with a **number**. Use these numbers to find the timetables for individual routes (in this Ride Guide).

C Points of interest (such as schools, shopping centers, etc.) are shown as black squares.

D Transfers between routes may be necessary to complete your trip. Time-coordinated transfers are available at the following locations:

- Blake Transit Center
- Ypsilanti Transit Center
- Meijer (Carpenter Rd.)
- VA Hospital

If you need to transfer to another bus at one of these locations, ask your driver to hold the bus you want to transfer onto. If your bus is running more than five minutes behind schedule, connecting buses are not able to hold for transfers. University of Michigan and our buses are not able to coordinate transfers at this time.
